ASSEMBLY CHAMBER, SACRAMENTO, March 2, 1917.

MR. SPEAKER Your Committee on Engrossment and Enrollment begs leave to report that the following has been correctly enrolled

Assembly Joint Resolution No. 6—Relative to a federal measure before Congress, introduced by Hon. John E. Raker, Second Congressional District of California, advocating a national defense military highway for the State of California over El Camino Sierra—and was presented to the Governor this second day of March, 1917, at nine o'clock and thirty minutes a m.

CALAHAN, Chairman.

#### ON REVISION AND PRINTING.

ASSEMBLY CHAMBER, SACRAMENTO, March 1, 1917.

*To the Members of the Assembly*

The distribution of legislative bills to public libraries, etc., to individuals, and the filling of general requests has been greater this session than ever before. The Assembly adopted a rule for the printing of 1,000 copies of bills, afterwards increased to 1,500 copies. The order of distribution of the two houses called for over 1,600, and with the regular distribution to members, legislative and state officers, accredited newspaper representatives, committees, etc., totaled nearly 2,500 copies. The gathering of this number of bills, aside from other work, made over six and a half million bills to handle, the printing totals over 20,000,000 pages. Both the State Printing Office building and the Capitol bill room are badly crowded for working space, and the piling of about half the legislative bills into the beginning of the recess added to the congestion.

To avoid confusion, the State Printer had requested that the mailing lists be handed in early in the session; many of these were not turned in till about adjournment. When it became apparent that the authorized number of bills would not be sufficient, the State Printer with the advice of this committee, forwarded mailing upon the following system: Public libraries first, county offices second, followed by newspapers, chambers of commerce, etc.; individuals were and are being mailed as fast as bill shortages can be met. Semifinal Histories were mailed promptly upon issuance to the full lists. The public generally has requested many bills—over twice as many as in any former session, such demands from individuals for complete sets of all bills have been met by the forwarding of Histories with the request that bills of interest be designated. Nearly 4,000 copies of the Semifinal History have thus far been sent out.

While the working space of the bill room department is far from adequate for best results, the greatest difficulty is the lack of known system or legislative rules covering this work early in session. To correct these faults in the plan of distribution, the State Printer has recommended a standardized and equitable plan which will be considered by your committee for insertion in Joint Rules of Senate and Assembly.

Considering the matter as a whole, and the general services of the bill room department to the Legislature and to the public, and its improvement over the old system, we commend the State Printer for his past work, and his efforts toward a better system and service.

ALLEN, Chairman.

## ASSISTANT CLERK WENDING READING

## PRESENTATION OF PETITIONS.

The following petitions were presented and ordered printed in the Journal:

By Mr. Bartlett:

We, the undersigned, wholesale grocers of this State, your constituents, earnestly request you to oppose any legislation prohibiting the manufacturers of standard articles of merchandise from redeeming their own labels, trade-marks, wrappers, coupons, or other similar tokens, for the reason that this cooperative advertising and merchandising is distinctly beneficial,—and in no manner detrimental,—to the dealer and the consumer.

Furthermore, we particularly direct your attention to the important fact that such a prohibitory state law would very injuriously discriminate against the grocers in this State, in favor of the powerful, foreign, direct-to-consumer and interstate concerns, which would not be subject thereto. Such a law would operate to drive trade from our stores directly into the hands of these foreign concerns, our most powerful competitors.

In addition, trading stamps should not be confused with the manufacturers' redeemable tokens, as they are entirely different in character and effect, and whatever may be the evils which the wholesale grocer complains of in the trading stamp system, these evils are not present, to any degree, in the premium advertising employed by the manufacturers, where the tokens are directly issued by the manufacturers to and redeemed from the consumer, without any expense or burden, in the slightest degree upon the dealer.

We respectfully and earnestly urge that the following amendment be incorporated in any bill seeking to prohibit or tax premium advertising:

"Provided, however, that this act shall not prohibit the manufacturer or packer from issuing and redeeming, in any manner, for any goods, wares, or merchandise, his, its, or their own labels, trade-marks, wrappers, coupons, or other similar tokens which are attached to, included within, or form a part of the package of his, its, or their own goods, wares, or merchandise, nor the sale of such goods, wares, or merchandise."

E. RUSSELLE, and 21 others.

Also:

As believers in the humane treatment of all animals, and being opposed to the crime of vivisection, we respectfully protest against the enactment of such a law, and ask you to raise your voice against it in the present Legislature.

L. A. ENGLE, and 9 others.

By Mr. Williams:

We the undersigned persons are opposed to the bill, recently introduced into the State Legislature providing that medical colleges and universities be permitted to purchase impounded animals for vivisection, and ask you as our representative to voice our protest by voting against the bill.

M. McNEILL, and 23 others.

By Mr. Merriam:

WHEREAS, Senate Bill No. 69, Assembly Bill No. 172 and Assembly Bill No. 800, now pending in the California Legislature, provide for compulsory Sunday rest; and

WHEREAS, We recognize in these proposed laws, legislation tending to unite the church and the State, thus subverting the foundation principles of the American republic, which provides in the First Amendment to the Federal Constitution that

"Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof," and also says in the Fourteenth Amendment that

"No state shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States," and

WHEREAS, Sunday laws are expressly forbidden by the California State Constitution, which says, in Article I, section 4:

"The free exercise and enjoyment of religious profession and worship, without discrimination or preference, shall forever be guaranteed in this State"; and  
 WHEREAS, The proposed Sunday laws are a step toward the union of church and state, opening the flood-gates for religious legislation of the most drastic nature, which would by law compel citizens to be religious, and prescribe the particular tenets of their faith, thus turning our civilization backward to the persecution and horrors of the Dark Ages.

Therefore we, the citizens of Long Beach, in mass meeting assembled, hereby respectfully but most earnestly protest to our honorable Legislature against the passage of these Sunday bills, or any measures of like nature.

Adopted by unanimous vote at the Auditorium, Long Beach, Cal., February 21, 1917.

LON SOMERS, Secretary.

Also:

Believing—

(1) In the complete separation of church and state;  
 (2) That the Legislature is prohibited by Article I, Sec 4 of the Constitution of the State of California, from enacting any law enforcing the observance of any religious institution;

(3) That all such legislation is opposed to the best interests of both church and state;

(4) That the first step in this direction is a dangerous step, and should be opposed by every lover of liberty of conscience

We, the undersigned adult residents of Long Beach, State of California, earnestly petition your honorable body not to pass the compulsory Sunday observance bills Nos. 172 and 69, or any other like religious measure.

W B WOODRUFF  
 LON SOMERS.

WM. A. WESCOTT  
 and 153 others

Also:

As secretary of the following association of this city, namely, the Retail Butchers, Sign Makers, Photographers, and Hay Dealers, I am instructed to ask you for your support on Assembly Bill No. 172 and Senate Bill No. 69, entitled an act prohibiting unnecessary labor, and the pursuit of unnecessary occupations on Sunday, etc. All of my associations are vitally interested in this matter, and they ask you for your active support in order that this measure may pass at this session

Yours very truly,

E. F. SCOTT, Assistant Secretary,  
 Sunday Closing League of California.

Los Angeles Division, 509 Wesley Roberts Bldg.

By Mr. Phillips:

We, the undersigned, retail grocers of this State, your constituents, earnestly request you to oppose any legislation prohibiting the manufacturers of standard articles of merchandise from redeeming their own labels, trade-marks, wrappers, coupons, or other similar tokens, for the reason that this cooperative advertising and merchandising is distinctly beneficial,—and in no manner detrimental,—to the dealer and the consumer.

Furthermore, we particularly direct your attention to the important fact that such a prohibitory State law would very injuriously discriminate against the grocers in this State, in favor of the powerful, foreign, direct-to-consumer and interstate concerns, which would not be subject thereto. Such a law would operate to drive trade from our stores directly into the hands of these foreign concerns, our most powerful competitors

A. H. FLINN, and 91 others.

By Mr. Lyon:

Fremont Circle No. 37, Ladies of the Grand Army of the Republic, petition you to use your influence to get an appropriation of \$1,000 to be used in erecting a monument to the memory of the unknown dead in G. #### DEPARTMENT OF COMMERCE.

WASHINGTON, D. C., February 7, 1917.

I beg to acknowledge with thanks receipt of your communication of the 29th ult. transmitting to me official copy of Assembly Joint Resolution Number 3, adopted by the Legislature of the State of California. I have taken pleasure in

placing same before the chairman of the house committee on appropriations in connection with the pending appropriation for the work of the Coast and Geodetic Survey, and I have also placed same before the superintendent of the Coast and Geodetic Survey itself.

This department has asked the appropriations committees of congress for increased force and funds with which to prosecute the work of the surveys of the Pacific coast, and we are hoping that the sundry civil bill soon to be reported will give us more help in that direction. In particular we are requesting from congress an appropriation for two new vessels to replace one already condemned and discarded and another nearly worn out on the Pacific coast, and if this appropriation is secured we shall do our utmost to have the vessels constructed and put in service as rapidly as possible.

It is a pleasure to say that the new steamship "Surveyor," now nearly completed, will be sent to the Pacific coast to carry on the survey work as early as possible in the summer season of 1917. She will make a welcome addition to the facilities of the Coast Survey on the Pacific coast.

Assuring you that this work has my earnest personal interest and that no effort will be spared toward pushing it along, I am with thanks for your able assistance.

Yours very truly,

WILLIAM C. REDFIELD, Secretary.

Also:

HOLTVILLE, CAL., February 22, 1917.

Resolution adopted by the board of trustees of Holtville City, California, at regular meeting held February 21, 1917:

*Resolved*, That we, the board of trustees of Holtville City, do urgently request the State Legislature to enact into law the County Unit Bill, which will give each county in the State the power to protect itself against liquor shops maintained in small communities to the detriment of the whole county, and against the wishes of the majority.

### ASSEMBLY CONSTITUTIONAL AMENDMENT No. 13.

A resolution to propose to the people of the State of California an amendment to section seven and one-half of article eleven of the constitution of the State of California, relating to charters of counties and amendments to such charters and to the surrender thereof.

The legislature of the State of California at its forty-second regular session commencing on the eighth day of January, 1917, two-thirds of all the members elected to each of the two houses of said legislature voting therefor, hereby proposes to the people of the State of California that section seven and one-half of article eleven of the constitution of the state be amended to read as follows:

Sec 7½. Any county may frame a charter for its own government consistent with and subject to the constitution (or, having framed such a charter, may frame a new one), and relating to matters authorized by provisions of this article of the constitution, by causing a board of fifteen freeholders, who have been for at least five years qualified electors thereof, to be elected by the qualified electors of said county, at a general or special election. Said board of freeholders may be so elected in pursuance of an ordinance adopted by the vote of three-fifths of all the members of the board of supervisors of such county, declaring that the public interest requires the election of such board for the purpose of preparing and proposing a charter for said county, or in pursuance of a petition of qualified electors of said county as hereinafter provided. Such petition, signed by fifteen per centum of the qualified electors of said county computed upon the total number of votes cast therein for all candidates for governor at the last preceding general election at which a governor was elected, praying for the election of a board of fifteen freeholders to prepare and propose a charter for said county, may be filed in the office of the county clerk. It shall be the duty of said county clerk, within twenty days after the filing of said petition, to examine the same, and to ascertain from the record of the registration of electors of the county, whether said petition is signed by the requisite number of qualified electors. If required by said clerk, the board of supervisors shall authorize him to employ persons specially to assist him in the work of examining such petition, and shall provide for their compensation. Upon the completion of such examination, said clerk shall forthwith attach to said petition his certificate, properly dated, showing the result thereof, and if, by said certificate, it shall appear that said petition is signed by the requisite number of qualified electors, said clerk shall immediately present said petition to the board of supervisors, if it be in session, otherwise at its next regular meeting after the date of such certificate. Upon the adoption of such ordinance, or the presentation of such petition, said board of supervisors shall order the holding of a special election for the purpose of electing such board of freeholders, which said special election shall be held not less than twenty days nor more than sixty days after the adoption of the ordinance aforesaid or the presentation of said petition to said board of supervisors, *provided*, that if a general election shall occur in said county not less than twenty days nor more than sixty days after the adoption of the ordinance aforesaid, or such presentation of said petition to said board of supervisors, said board of freeholders may be elected at such general election. Candidates for election as members of said board of freeholders shall be nominated by petition, substantially in the same manner as may be provided by general law for the nomination, by petition of electors, of candidates for county offices, to be voted for at general elections. It shall be the duty of said board of freeholders, within one hundred and twenty days after the result of such election shall have been declared by said board of supervisors, to prepare and propose a charter for said county, which shall be signed in duplicate by the members of said board of freeholders, or a majority of them, and be filed, one copy in the office of the county clerk of said county and the other in the office of the county recorder thereof. Said board of supervisors shall thereupon cause said

proposed charter to be published for at least ten times in a daily newspaper of general circulation, printed, published and circulated in said county; *provided*, that in any county where no such daily newspaper is printed, published and circulated, such proposed charter shall be published for at least three times in a weekly newspaper, of general circulation, printed, published and circulated in such county; *and provided*, that in any county where neither such daily nor such weekly newspaper is printed, published and circulated, a copy of such proposed charter shall be posted by the county clerk in three public places in said county, and on or near the entrance to at least one public schoolhouse in each school district in said county, and the first publication or the posting of such proposed charter shall be made within fifteen days after the filing of a copy thereof, as aforesaid, in the office of the county clerk. The board of supervisors shall cause copies of such charter to be printed in convenient pamphlet form, and shall, until the date fixed for the election upon such charter, advertise in one or more newspapers of general circulation, published in said county, a notice that such copies may be had upon application therefor. If there is no newspaper published within the county, then such notice shall be posted by the county clerk in three public places in said county and on or near the entrance to at least one public schoolhouse in each school district within the county. Said proposed charter shall be submitted by said board of supervisors to the qualified electors of said county at a special election held not less than thirty days nor more than sixty days after the completion of such publication, or after such posting; *provided*, that if a general election shall occur in said county not less than thirty days nor more than sixty days after the completion of such publication, or after such posting, then such proposed charter may be so submitted at such general election. If a majority of said qualified electors, voting thereon at such general or special election, shall vote in favor of such proposed charter, it shall be deemed to be ratified, and shall be forthwith submitted to the legislature, if it be in regular session, otherwise at its next regular session, or it may be submitted to the legislature in extraordinary session, for its approval or rejection as a whole, without power of alteration or amendment. Such approval may be made by concurrent resolution, and if approved by a majority vote of the members elected to each house, such charter shall become the charter of such county and shall become the organic law thereof relative to the matters therein provided, and supersede any existing charter framed under the provisions of this section, and all amendments thereof, and shall supersede all laws inconsistent with such charter relative to the matters provided in such charter. A copy of such charter, certified and authenticated by the chairman and clerk of the board of supervisors under the seal of said board and attested by the county clerk of said county, setting forth the submission of such charter to the electors of said county, and its ratification by them, shall, after the approval of such charter by the legislature, be made in duplicate, and filed, one in the office of the secretary of state and the other, after being recorded in the office of the recorder of said county, shall be filed in the office of the county clerk thereof, and thereafter all courts shall take judicial notice of said charter.

The charter, so ratified, may be amended by proposals therefor submitted by the board of supervisors of the county to the qualified electors thereof at a general or special election held not less than thirty days nor more than sixty days after the publication of such proposals for ten times in a daily newspaper of general circulation, printed, published and circulated in said county; *provided*, that in any county where no such daily newspaper is printed, published and circulated, such proposed amendments shall be published for at least three times in at least one weekly newspaper, of general circulation, printed, published and circulated in such county; *provided*, that in any county where neither such daily nor such weekly newspaper is printed, published and circulated, a copy of such proposed amendments shall be posted by the county clerk in three public places in said county, and on or near the entrance to at least one public schoolhouse in each school district in said county. The board of supervisors shall cause copies of such proposed amendments to be printed in convenient pamphlet form, and shall until the date fixed for the election upon such proposed amendments, advertise in one or more newspapers of general circulation published in said county, a notice that such copies may be had upon application therefor. If a majority of such qualified electors voting thereon, at such general or special election, shall vote in favor of any such proposed amendment or amendments, or any amendment or amendments proposed by petition as hereinafter provided, such amendment or amendments shall be deemed to be ratified, and shall be forthwith submitted to the legislature, if it be in regular session, otherwise at its next regular session, or may be submitted to the legislature in extraordinary session, for approval or rejection as a whole, without power of alteration or amendment, and if approved by the legislature, as herein provided for the approval of the charter, such charter shall be amended accordingly. A copy of such amendment or amendments shall, after the approval thereof by the legislature, be made in duplicate, and shall be authenticated, certified, recorded and filed as herein provided for the charter, and with like force and effect. Whenever a petition signed by ten per centum of the qualified electors of any county, computed upon the total number of votes cast in said county for all candidates for governor at the last general election,

at which a governor was elected, is filed in the office of the county clerk of said county, petitioning the board of supervisors thereof to submit any proposed amendment or amendments to the charter of such county, which amendment or amendments shall be set forth in full in such petition, to the qualified electors thereof, such petition shall forthwith be examined and certified by the county clerk, and if signed by the requisite number of qualified electors of such county, shall be presented to the said board of supervisors, by the said county clerk, as heretofore provided for petitions for the election of boards of freeholders. Upon the presentation of said petition to said board of supervisors, said board must submit the amendment or amendments set forth therein to the qualified electors of said county at a general or special election held not less than thirty days nor more than sixty days after the publication or posting of such proposed amendment or amendments in the same manner as heretofore provided in the case of the submission of any proposed amendment or amendments to such charter, proposed and submitted by the board of supervisors. In submitting any such charter, or amendments thereto, any alternative article or proposition may be presented for the choice of the electors, and may be voted on separately without prejudice to others.

Every special election held under the provisions of this section, for the election of boards of freeholders or for the submission of proposed charters, or any amendment or amendments thereto, shall be called by the board of supervisors, by ordinance, which shall specify the purpose and time of such election and shall establish the election precincts and designate the polling places therein, and the names of the election officers for each such precinct. Such ordinance, prior to such election, shall be published five times in a daily newspaper, or twice in a weekly newspaper, if there be no such daily newspaper, printed, published and circulated in said county; *provided*, that if no such daily or weekly newspaper be printed or published in such county, then a copy of such ordinance shall be posted by the county clerk in three public places in such county and in or near the entrance to at least one public school-house in each school district therein. In all other respects, every such election shall be held and conducted, the returns thereof canvassed and the result thereof declared by the board of supervisors in the same manner as provided by law for general elections. Whenever boards of freeholders shall be elected, or any such proposed charter, or amendment or amendments thereto, submitted, at a general election, the general laws applicable to the election of county officers and the submission of propositions to the vote of electors, shall be followed in so far as the same may be applicable thereto.

It shall be competent, in all charters, framed under the authority given by this section to provide, in addition to any other provisions allowable by this constitution, and the same shall provide, for the following matters:

1. For boards of supervisors and for the constitution, regulation and government thereof, for the times at which and the terms for which the members of said board shall be elected, for the number of members, not less than three, that shall constitute such boards, for their compensation and for their election, either by the electors of the counties at large or by districts, *provided*, that in any event said board shall consist of one member for each district, who must be a qualified elector thereof; and
2. For sheriffs, county clerks, treasurers, recorders, license collectors, tax collectors, public administrators, coroners, surveyors, district attorneys, auditors, assessors and superintendents of schools and other county officers to fill county offices which have been or shall hereafter be created by this constitution or by general law for the election or appointment of said officers, or any of them, for the times at which and the terms for which, said officers shall be elected or appointed, and for their compensation, or for the fixing of such compensation by boards of supervisors, and, if appointed, for their qualifications, and for the manner of their appointment; and
3. For the number of justices of the peace and constables for each township, or for the number of such judges and other officers of such inferior courts as may be provided by the constitution or general law, or for the fixing of the number of such justices of the peace, and constables, or judges and other officers of such inferior courts, by boards of supervisors for the election or appointment of said officers, for the times at which and terms for which said officers shall be elected or appointed, and for the compensation, or for the fixing of such compensation by boards of supervisors, and if appointed, for their qualifications and the manner of their appointment; and
4. For the powers and duties of boards of supervisors and all other county officers, for their removal and for the consolidation and segregation of county offices, and for the manner of filling all vacancies occurring therein; *provided*, that the provisions of such charters relating to the powers and duties of boards of supervisors and all other county officers shall be subject to and controlled by general laws; *provided*, however, that the powers and duties of the district attorney in civil matters, the powers and duties of the county clerk in matters of elections and the registration of voters, and the powers and duties of members of the board of supervisors as ex officio road commissioners, may be respectively segregated and assigned to new offices created for that purpose; *provided*, further, however, that such charter may provide that boards of supervisors may delegate to an executive committee or executive

board, composed of members selected from its own body, certain of their administrative powers and duties, including the filling of appointments, and

44. For the assumption and discharge by county officers of certain of the municipal functions of the cities and towns within the county, whenever, in the case of cities and towns incorporated under general laws, the discharge by county officers of such municipal functions is authorized by general law, or whenever, in the case of cities and towns organized under section eight of this article, the discharge by county officers of such municipal functions is authorized by provisions of the charters, or by amendments thereto, of such cities or towns.

5. For the fixing and regulation by boards of supervisors, by ordinance, of the appointment and number of assistants, deputies, clerks, attaches and other persons to be employed, from time to time, in the several offices of the county, and for the prescribing and regulating by such charter or boards of the powers, duties, qualifications and compensation of such persons, the times at which and terms for which they shall be appointed, and the manner of their appointment and removal; and

6. For the compensation of such fish and game wardens, probation and other officers as may be provided by general law, or for the fixing of such compensation by boards of supervisors

All elective officers of counties, and of townships, of road districts and of highway construction divisions therein shall be nominated and elected in the manner provided by general laws for the nomination and election of such officers

All charters framed under the authority given by this section, in addition to the matters hereinabove specified, may provide as follows

For boards and offices other than those required by the constitution and laws of the state, or for the creation of any or all of such offices by boards of supervisors, for the election or appointment of persons to fill such offices, for their qualifications, and if appointed, for the manner of such appointment, for the times at which and the terms for which such persons shall be so elected or appointed, and for their compensation, or for the fixing of such compensation by boards of supervisors.

For offices hereafter created by this constitution or by general law, for the election or appointment of persons to fill such offices, for their qualifications, and if appointed, for the manner of such appointment, for the times at which and terms for which such persons shall be so elected or appointed, and for their compensation, or for the fixing of such compensation by boards of supervisors.

For the formation, in such counties, of road districts for the care, maintenance, repair, inspection and supervision only of roads, highways and bridges; and for the formation, in such counties, of highway construction divisions for the construction only of roads, highways and bridges, for the inclusion in any such district or division, of the whole or any part of any incorporated city or town, upon ordinance passed by such incorporated city or town authorizing the same, and upon the assent to such inclusion by a majority of the qualified electors of such incorporated city or town, or portion thereof, proposed to be so included, at an election held for that purpose, for the organization, government, powers and jurisdiction of such districts and divisions, and for raising revenue therein, for such purposes, by taxation, upon the assent of a majority of the qualified electors of such districts or divisions, voting at an election to be held for that purpose, for the incurring of indebtedness therefor by such counties, districts or divisions for such purposes respectively, by the issuance and sale, by the counties, of bonds of such counties, districts or divisions, and the expenditure of the proceeds of the sale of such bonds, and for levying and collecting taxes against the property of the counties, districts or divisions, as the case may be, for the payment of the principal and interest of such indebtedness at maturity; *provided*, that any such indebtedness shall not be incurred without the assent of two-thirds of the qualified electors of the county, district or division, as the case may be, voting at an election to be held for that purpose, nor unless before or at the time of incurring such indebtedness provision shall be made for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also for a sinking fund for the payment of the principal thereof on or before maturity, which shall not exceed forty years from the time of contracting the same, and the procedure for voting, issuing and selling such bonds shall, except in so far as the same shall be prescribed in such charters, conform to general laws for the authorizing and incurring by counties of bonded indebtedness, so far as applicable; *provided, further*, that provisions in such charters for the construction, care, maintenance, repair, inspection and supervision of roads, highways and bridges for which aid from the state is granted, shall be subject to such regulations and conditions as may be imposed by the legislature

Whenever any county has framed and adopted a charter, and the same shall have been approved by the legislature, as herein provided, the general laws adopted by the legislature in pursuance of this article, shall, as to such county, be superseded by said charter as to matters for which, under this section it is competent to make provision in such charter, and for which provision is made therein, except as herein otherwise expressly provided, and except that any such charter shall not affect

the tenure of office of the elective officers of the county, or of any district, township or division thereof, already in office or elected at the time such charter is adopted by vote of the electors of such county as herein provided, and such officers shall continue to hold their respective offices until the expiration of the term for which they shall have been elected, unless sooner removed in the manner provided by law, but such charter may provide for the termination of the tenure of office of all officers elected after the adoption of such charter by the electors of such county and prior to the approval of such charter by the legislature.

The charter of any county, adopted under the authority of this section, may be surrendered and annulled with the assent of two-thirds of the qualified electors of such county, voting at a special election, held for that purpose, and to be ordered and called by the board of supervisors of the county upon receiving a written petition, signed and certified as hereinabove provided for the purposes of the adoption of charters, requesting said board to submit the question of the surrender and annulment of such charter to the qualified electors of such county, and, in the event of the surrender and annulment of any such charter, such county shall thereafter be governed under general laws in force for the government of counties. All provisions of any charter of any county heretofore adopted and amendments thereto, which are in accordance herewith, and all acts done in accordance with such charter provisions, are hereby confirmed and declared valid.

The provisions of this section shall not be applicable to any county that is consolidated with any city.

#### PETITIONS.

The following petitions were presented and ordered printed in the Journal:

By Mr. Manning:

We, the undersigned, housewives and consumers residing in your district, earnestly request that you oppose any legislation prohibiting the manufacturers of standard articles of merchandise from redeeming their own labels, trade-marks, wrappers, coupons, or other similar tokens, for the reason that this co-operative advertising and merchandising is entirely in the interest of the consumer, and such a law would deprive us of a valuable discount on purchases, which discount is received without any increase in cost, or depreciation in value, of the standard articles purchased.

We respectfully and earnestly urge that the following amendment be incorporated in any bill, prohibiting or taxing premium advertising:

*Provided, however,* that this act shall not prohibit the manufacturer or packer from issuing and redeeming, in any manner, for any goods, wares, or merchandise, his, its, or their own labels, trade-marks, wrappers, coupons, or other similar tokens which are attached to, included within, or form a part of the package of his, its, or their own goods, wares, or merchandise, nor the sale of such goods, wares, or merchandise."

MRS. J. F. PLETTS, and 13 others

Also:

By Mr. Dennett:

We, the undersigned citizens of Modesto, California, believing in the protection of the equal rights of all citizens, with special privileges to none, respectfully petition your influence and vote against any and all measures for Sunday closing

V. C. MEDLIN, and 135 others.

Modesto, California, February 21, 1917

Also:

By the Speaker:

*To the Assembly of the State of California in Legislature assembled*

We, the undersigned electors in the State of California, respectfully urge the passage of Assembly Constitutional Amendment No. 33 and Senate Constitutional Amendment No. 27.

W. L. KIGHTLINGER, and 34 others.

Oakland, California February 19, 1917

Also:

The following resolution was formally adopted by the Board of Trustees of the city of Upland, at their regular meeting held on February 26, 1917:

*Resolved,* That we respectfully request the Legislature of California, at its present session, to pass the county unit amendment to the Wyllie local option law

CHAS. P. FULLER, City Clerk.

Also:

Petition against the passage of Prendergast Assembly Bill No 798, State Legislature of California.

*To the Honorable the Legislature of the State of California*

We, the undersigned, citizens and residents of the State of California, do hereby respectfully enter our most earnest and emphatic protest against the passage of the Prendergast Assembly Bill No 798 now before the California State Legislature, which bill provides for the sale of unclaimed animals from all the public pounds throughout the State of California to medical colleges, for the purposes of vivisection and animal experimentation, and we respectfully petition your honorable body that the same do not pass, for the following reasons.

1. Because it would consign helpless, unclaimed animals from the public pounds in California to become victims of the horrible and heinous cruelty of vivisection—the State and people of California thus constituting themselves agents for providing such victims. We refuse to be participants in this.

2. Because the practice of vivisection is contrary to the dictates of humanity and kindness and the finer sensibilities of human nature which in all ages have been held to be marks of true men and women. "A merciful man is merciful to his beast."

3. Because many of the most noted physicians, including several who have themselves made an extensive practice of vivisection, have declared that no real benefit to humanity has resulted from such practice, nor has the science of medicine been thereby advanced.

4. Because the passage of such a bill would be an incentive to thieves to steal domestic animals and pets in order to avail themselves of the opportunity of selling them, ostensibly with the permission of the State.

5. Because the practice of vivisection is brutalizing to all who take part in it causing callousness, blunting intuition, sympathy, and those finer qualities which are essential to the true physician; because also of the psychological effect which such brutalization and callousness have, particularly upon our youth, and indirectly upon prenatal conditions, thus affecting the coming generations.

By rejecting this bill, the State of California will make a record for the encouragement of more humane treatment of all living creatures.

We therefore protest against the passage of this bill and request all members of the State Legislature of California to vote against it, and thus demonstrate to the world that this fair Golden State of ours has as its legislators a body of men actuated by the highest principles of humanity, who refuse to participate in providing victims for the unspeakable tortures of vivisection and animal experimentation. We respectfully request you to vote against this bill that the record of our fair and beautiful State may not be stained with the indelible blot of official sanction of heinous cruelty to dumb animals.

T. W. HEALD, and 17 others.

Also:

*To the Honorable Body of the State Legislature, Sacramento, California*

We, the undersigned, barbers of the cities of Venice, Ocean Park and Santa Monica, are in favor of the Sunday closing law now being proposed to your vote.

R. H. PARK, and 12 others.

## PETITIONS.

The following petitions were presented and ordered printed in the Journal:

By Mr Merriam:

*To the Honorable Assembly of the State of California:*

Believing—(1) In the complete separation of church and state; (2) That the Legislature is prohibited by Article I, section 4, of the Constitution of the State of California, from enacting any law enforcing the observance of any religious institution; (3) That all such legislation is opposed to the best interests of both church and state; (4) That the first step in this direction is a dangerous step, and should be opposed by every lover of liberty of conscience;

We, the undersigned adult residents of Long Beach, State of California, earnestly petition your honorable body not to pass the compulsory Sunday observance bills numbers 172 and 69, or any other like religious measure.

WILBER F. DOWNS, ROBERT B SWEET, and 396 others.

Also:

*To the California Assembly, Sacramento, California:*

The undersigned merchants engaged in business in the district you represent are very much interested in the passage of Senate Bill No. 5, to curb the trading stamp and coupon evil.

The bill is drawn along the lines of the Washington state law, upheld by the United States Supreme Court in a unanimous decision on March 6th last year, wherein trading stamps were described as "an appeal to cupidity and a lure to improvidence," "having the evil and the seduction of a lottery," etc

At present the dealer must pay an outsider—the trading stamp company—\$3.50 on every \$100 worth of goods sold. From an economic standpoint, this increases the already high cost of living 3½ per cent. There are many other reasons why this bill should pass.

We strongly urge the passage of this bill and hope you will see fit to support it.

THE WALL COMPANY, S J. ABRAMS, J G SPIELMAN, and 56 others.  
Long Beach, California.

Also:

*To the Honorable Assembly of the State of California:*

Referring to the bill which would allow the use of stray animals throughout the State of California for the purposes of vivisection, we, severally and individually, request you not to permit such legislation to become a law.

The practice is inhuman, barbarous and unscientific, and if legalized in the State of California, will not only be a step backward, but will be a blot on the civilization of the State.

Signed by:

FRANKLIN SAUNDERS, S. J. ABRAMS, EVELYN GANT, and 46 others

RESOLUTIONS ADOPTED BY BOARD OF TRUSTEES OF CITY OF CALEXICO.

*Resolved*, That we ask California's Legislature to adopt the County Unit Bill and so give our county relief from a condition which is absolutely unfair to the majority of its people:

*Resolved, further*, That the clerk of this board shall send copies of the above resolution to our representatives, Hon. R. E. Wills and Senator Edgar A. Luce, and to H. J. Baldwin, chairman of the Assembly's Committee on Public Morals, and to the Clerk of the Assembly, and to the Secretary of the Senate at Sacramento.

This certifies that at a regular meeting of the board of trustees of the city of Calexico, held on February 27, 1917, the above resolutions were adopted by a unanimous vote.

F. P. GREEN,  
Clerk of the City of Calexico

Also :

*To the Members of the Legislature of the State of California :*

GENTLEMEN: Twenty-one bills have been introduced in the present session of the Legislature unfavorable to the civil service law. Many of them are already on their way to passage. They vary from Senator Stuckenbruck's bill repealing the civil service law, to Senate Bill No. 488, exempting the attaches of the Supreme Court and the District Court of Appeals because the Civil Service Commission rated an inexperienced janitor of the District Court of Appeals for Northern California lower than others of abundant experience and capacity.

All parties stand pledged to civil service reform. Surely the civil service law should remain intact, or be repealed. Better to pass Senator Stuckenbruck's bill than to cut the civil service law to ribbons. There will be no honor or pleasure in administering this law if these twenty-one bills pass. Nearly every one of these bills has some personal interest back of it. They are distinctly reactionary, and undefensible. Civil service should be strengthened, not weakened, it should be extended, not abridged.

I trust that the large number of legislators who believe in civil service will look up these bills, and fight to preserve the principle of civil service reform, now threatened. I make bold to lay before you an analysis of these bills, in order that the friends of civil service may prevent their passage, or at least secure their amendment.

Yours truly

CHARLES WESLEY REED,  
State Civil Service Commissioner

Also :

*Resolved*, That the board of supervisors of the county of Calaveras, State of California, respectfully protest against the enactment of Assembly Bills Nos. 154, 156, 157, 158 and 160, respectively, and against the enactment of any law limiting or interfering with the right of the people of the State of California to conserve the waters within the State for utilitarian and scenic purposes and we urge that any such bills now pending, or that may hereafter be introduced, before the Legislature of the State of California, be defeated and voted down; it is further

*Resolved*, That a copy of this resolution be transmitted to the Senate and Assembly of the State of California, to the Irrigation Committees thereof and to the State Senator and Assemblyman who represent the districts in which Calaveras County is situated.

STATE OF CALIFORNIA. } ss  
County of Calaveras }

I, A. W. Poe, county clerk of the county of Calaveras, State of California, and ex officio clerk of the board of supervisors thereof, do hereby certify that the foregoing is a full, true and correct copy of a resolution passed by the board of supervisors of Calaveras County on the 6th day of March, A. A. W. POE,  
County Clerk and ex officio Clerk of the Board of Supervisors  
By J. A. QUINN, Deputy Clerk.

By Mr. Polsley:

*To the Legislature of the State of California:*

We, the undersigned, residents and landowners within the county of Glenn, State of California, whose lands are now included within the boundaries of the Sacramento and San Joaquin Drainage District, hereby request and petition your Honorable Body to exclude from the boundaries of said drainage district all lands situate within the said county of Glenn, for the reason that the present inclusion of said lands therein is of no benefit but, on the contrary, imposes a burden thereon.

#### PETITIONS.

The following petitions were presented and ordered printed in the Journal:

By Mr. Carlson:

*To the Honorable, the Assembly of the State of California:*

Believing (1) in the complete separation of church and state, (2) that the Legislature is prohibited by constitutional amendment from enacting any law enforcing the observance of any religious institution, looking toward a union of church and state, or of religion and civil government; (3) that all such legislation is opposed to the best interests of both church and state; and (4) that the first step in this direction is a dangerous step, and should be opposed by every lover of liberty of conscience;

We, the undersigned, adult residents of the city of Fresno, earnestly petition your honorable body not to pass the compulsory Sunday observance bills numbers 172 and 800, or any like religious measures.

ALVA E. SNOW,  
M. F. TOWNSEND,  
FLORENCE R. MOORE,  
And 232 others.

By Mr. Bartlett:

Petition against the passage of Prendergast Assembly Bill No 798, State Legislature, California.

*To the Honorable the Legislature of the State of California*

We, the undersigned, citizens and residents of the State of California, do hereby respectfully enter our most earnest and emphatic protest against the passage of the Prendergast Assembly Bill No. 798 now before the California State Legislature, which bill provides for the sale of unclaimed animals from all the public pounds throughout the State of California to medical colleges, for the purposes of vivisection and animal experimentation, and we respectfully petition your honorable body that the same do not pass, for the following reasons:

1. Because it would consign helpless, unclaimed animals from the public pounds in California to become victims of the horrible and fiendish cruelty of vivisection—the State and people of California thus constituting themselves agents for providing such victims. We refuse to be participants in this.

2. Because the practice of vivisection is contrary to the dictates of humanity and kindness and the finer sensibilities of human nature which in all ages have been held to be marks of true men and women. "A merciful man is merciful to his beast."

3. Because many of the most noted physicians, including several who have themselves made an extensive practice of vivisection, have declared that no real benefit to humanity has resulted from such practice, nor has the science of medicine been thereby advanced.

4. Because the passage of such a bill would be an incentive to thieves to steal domestic animals and pets in order to avail themselves of the opportunity of selling them, ostensibly with the permission of the State.

5. Because the practice of vivisection is brutalizing to all who take part in it, causing callousness, blunting intuition, sympathy, and those finer qualities which are essential to the true physician, because also of the psychological effect which such brutalization and callousness have, particularly upon our youth, and indirectly upon prenatal conditions, thus affecting the coming generations.

By rejecting this bill, the State of California will make a record for the encouragement of more humane treatment of all living creatures.

We therefore protest against the passage of this bill and request all members of the State Legislature of California to vote against it, and thus demonstrate to the world that this fair Golden State of ours has as its legislators a body of men actuated

by the highest principles of humanity, who refuse to participate in providing victims for the unspeakable tortures of vivisection and animal experimentation. We respectfully request you to vote against this bill, that the record of our fair and beautiful State may not be stained with the indelible blot of official sanction of fiendish cruelty to dumb animals.

By Mr. Satterwhite:

Same petition as above, signed by T. E. McCLYMONDS and 16 others

By Mr. Mouser:

WHEREAS, An effort is being made to increase the number of Superior Judges for Los Angeles County, thus adding to the already heavy burden the taxpayers are laboring under, and

WHEREAS, There is an insistent demand from the tax payers for modern methods and increased efficiency in all county departments, including the courts, and

WHEREAS, There is a still more insistent demand for decreased taxation in Los Angeles County; therefore, be it

Resolved, That the board of supervisors of Los Angeles County are opposed to the proposed increase of superior judges in this county and also to any other propositions that will increase the burden of taxation

The foregoing resolution was adopted by the board of supervisors of Los Angeles County on March 6, 1917

H. J. LELAND, Clerk  
By A. M. McPHERSON, Deputy.

By Mr. Kline:

WHEREAS, There have been brought to the attention of the undersigned teachers of the Hemet Union High School persistent rumors of an intention on the part of the State Board of Education, and others, to secure the amendment of the Teacher's Retirement Salary Law by the present Legislature, we the undersigned respectfully protest against such action for the following reasons:

First—Because a large number of the teachers of the State were induced to accept the withdrawal of one dollar from each month's salary until the maximum had been reached, on the basis of the benefits of the law as it now stands. The proposal to require twenty instead of fifteen out of the thirty years of service to have been performed in California, and the raising of the time limit for the retirement for disability from fifteen to twenty years are distinctly against the interests of many of the teachers, if not of all. These changes are in the nature of a violation of the law contract.

Second—We are determinedly committed to the principle that the Salary Retirement Law as it stands is not subject to modification to the detriment of the interests of the teachers now under it.

Third—Because we are convinced that there is not now available sufficient information concerning the working of the law nor sufficient experience to justify any attempt to amend it at present. Amendments when made should be undertaken with the utmost care and only when sufficient experience is accumulated to reveal the real weaknesses of the law as it now is and to suggest the wisest remedy.

Respectfully submitted,

H. W. HYLAND, and 11 others.

## PETITIONS.

The following petitions were presented and ordered printed in the Journal:

By Chief Clerk B. O. Boothby:

*To the Assembly, State of California*

GENTLEMEN The Stockton Chamber of Commerce, through its board of directors, enters this protest against the so-called Chandler, Purkitt, Tarke, Duncan and other bills now before the Legislature that are inimical to the consummation of the flood control project. It is opposed, particularly, to the Chandler bill, which would make it possible, by an acreage vote on the retention of the Reclamation Board, for 100 large property owners to override the 55,000 holders of smaller properties in the district.

It is now twenty-four years since the first step was taken looking toward a cooperative agreement between the federal government and the State of California to solve this big problem. The work is now fairly under way. Through the flood control bill, just signed by the President, Congress has provided an appropriation of \$5,600,000 to meet an equal sum from the State to handle the floods of the Sacramento and San Joaquin rivers.

At this time when the biggest forward step has been accomplished it would be folly to jeopardize the success that is in sight by the enactment of bills that would mean destruction of the Reclamation Board and that would be absolutely in bad faith with the federal government, for the Reclamation Board is the agency which has been created by the State to handle the project and represent it in the consummation of this plan.

We are impressed with the realization that had there been a law on the statute books, with a central authority such as the State Reclamation Board to enforce it, during the whole of these twenty-four years, the interests of all of the landowners in the entire great central valley would have been vastly better protected. The

Reclamation Board is just as necessary to the delta and to Stockton as is a building ordinance to the city to serve the greatest good for the greatest number.

Without going further into the situation at this time—for a more adequate opportunity for presenting the merits of our case will be afforded—this organization files this, its solemn protest against the bills referred to, and prays that the members of the two houses will act with extreme deliberation on what is undoubtedly the most important problem before the present session of the Legislature.

Respectfully submitted,

STOCKTON CHAMBER OF COMMERCE.

FRED W. MOORE, President.

J. P. IRISH, JR., Secretary.

Also:

The Rotary Club of Sacramento hereby protests against the passage of any and all bills having for their purpose the abolishing of the State Reclamation Board, or of the Sacramento and San Joaquin Drainage District, or for any interference whatsoever with the flood control plan heretofore adopted by the State, and favors any and all legislation that will continue in existence the State Reclamation Board and favors the consummation of the flood control plan, and in support of this protest against the legislation above referred to and this petition in favor of legislation for the continuance of the State Reclamation Board and the consummation of the flood control plan, we respectfully represent

1. That the Sacramento River will not carry all of the waters that are presented in the flood seasons and some provision must be made for their safe passage to the bay, that the city of Sacramento has raised its levee system, in accordance with the flood control plan, and likewise is engaged in the construction of the Sacramento by-pass as a part of the plan, and that it is advancing the necessary money for the construction of the Sacramento by-pass, as its construction is a matter of emergency for the safety of the city of Sacramento. If the Sacramento and San Joaquin Drainage District is abolished, or if any act is passed which will lead to its abolishment, or if the flood control plan is in any way interfered with, the levee system of the city of Sacramento will not hold the flood waters, if the weirs and by-passes are not constructed.

2. That the flood control plan now being carried out, under the existing law, was developed after years of study which has been approved by both the nation and the State and appropriations have been made both by the nation and the State upon the faith of its being executed and no land owner should be permitted to set up his individual interest against the welfare of the State.

3. That the city of Sacramento, as well as other cities in the Sacramento Valley, are vitally interested in the flood control plan and in its execution, and any legislation directed against it will render unsafe the city of Sacramento from the menace of recurring floods.

The Rotary Club of Sacramento, therefore having in mind the best interests of the city of Sacramento and the Sacramento Valley and of the State of California, respectfully asks that the State Reclamation Board and the flood control plan be continued in force and likewise that no legislation be passed providing for the abolishment of the Sacramento and San Joaquin Drainage District, but on the other hand, that such legislation as may be designed to continue the existence of the State Reclamation Board and increase its powers and duties be passed.

Sacramento, California, March 10, 1917.

ROTARY CLUB OF SACRAMENTO.

By J. C. HOBRECHT, President

CHAS. LUMBARD, Secretary

The Rotary Club of Sacramento is composed of one representative from each line of business in the city.

By Mr. Satterwhite:

Petition against the passage of Prendergast Assembly Bill No. 798, State Legislature, California.

*To the Honorable the Legislature of the State of California*

We, the undersigned, citizens and residents of the State of California, do hereby respectfully enter our most earnest and emphatic protest against the passage of the Prendergast Assembly Bill No. 798 now before the California State Legislature which bill provides for the sale of unclaimed animals from all the public pounds throughout the State of California to medical colleges, for the purposes of vivisection and animal experimentation, and we respectfully petition your honorable body that the same do not pass, for the following reasons:

1. Because it would consign helpless unclaimed animals from the public pounds in California to become victims of the horrible and fiendish cruelty of vivisection—

the State and people of California thus constituting themselves agents for providing such victims. We refuse to be participants in this.

2 Because the practice of vivisection is contrary to the dictates of humanity and kindness and the finer sensibilities of human nature which in all ages have been held to be marks of true men and women. "A merciful man is merciful to his beast."

3 Because many of the most noted physicians, including several who have themselves made an extensive practice of vivisection, have declared that no real benefit to humanity has resulted from such practice, nor has the science of medicine been thereby advanced.

4 Because the passage of such a bill would be an incentive to thieves to steal domestic animals and pets in order to avail themselves of the opportunity of selling them, ostensibly with the permission of the State.

5 Because the practice of vivisection is brutalizing to all who take part in it, causing callousness, blunting intuition, sympathy, and those finer qualities which are essential to the true physician, because also of the psychological effect which such brutalization and callousness have particularly upon our youth, and indirectly upon prenatal conditions, thus affecting the coming generations.

By rejecting this bill, the State of California will make a record for the encouragement of more humane treatment of all living creatures.

We therefore protest against the passage of this bill and request all members of the State Legislature of California to vote against it, and thus demonstrate to the world that this fair Golden State of ours has as its legislators a body of men actuated by the highest principles of humanity, who refuse to participate in providing victims for the unspeakable tortures of vivisection and animal experimentation. We respectfully request you to vote against this bill, that the record of our fair and beautiful State may not be stained with the indelible blot of official sanction of fiendish cruelty to dumb animals.

DOROTHY DEANE, and 17 others.

By Mr. Wills:

Same petition as above, signed by W. T. Clark and 91 others.

## PETITIONS.

The following petitions were presented and ordered printed in the Journal.

By Mr. Burke:

We, the undersigned citizens of Santa Ana and Orange County, do earnestly petition you to oppose Bills Nos 172 and 800 or any bill that would result in a Sunday Law.

LIZZIE A. FOX, and 21 others.

By Mr. Kline:

The undersigned protest against the passage of Assembly Bill No. 798, the Prendergast bill, for selling animals from the pounds for purposes of vivisection.

G. O. WILKINSON, and 4 others.

By Mr. Smith:

Petition against the passage of Prendergast Assembly Bill No. 798; State Legislature, California.

*To the Honorable the Legislature of the State of California:*

We, the undersigned, citizens and residents of the State of California, do hereby respectfully enter our most earnest and emphatic protest against the passage of the Prendergast Assembly Bill No. 798 now before the California State Legislature,

which bill provides for the sale of unclaimed animals from all the public pounds throughout the State of California to medical colleges, for the purposes of vivisection and animal experimentation, and we respectfully petition your honorable body that the same do not pass, for the following reasons:

1. Because it would consign helpless, unclaimed animals from the public pounds in California to become victims of the horrible and fiendish cruelty of vivisection—the State and People of California thus constituting themselves agents for providing such victims. We refuse to be participants in this.

2. Because the practice of vivisection is contrary to the dictates of humanity and kindness and the finer sensibilities of human nature which in all ages have been held to be marks of true men and women. "A merciful man is merciful to his beast."

3. Because many of the most noted physicians, including several who have themselves made an extensive practice of vivisection, have declared that no real benefit to humanity has resulted from such practice, nor has the science of medicine been thereby advanced.

4. Because the passage of such a bill would be an incentive to thieves to steal domestic animals and pets in order to avail themselves of the opportunity of selling them, ostensibly with the permission of the State.

5. Because the practice of vivisection is brutalizing to all who take part in it, causing callousness, blunting intuition, sympathy, and those finer qualities which are essential to the true physician: because also of the psychological effect which such brutalization and callousness have, particularly upon our youth, and indirectly upon prenatal conditions, thus affecting the coming generations.

By rejecting this bill, the State of California will make a record for the encouragement of more humane treatment of all living creatures.

We therefore protest against the passage of this bill and request all members of the State Legislature of California to vote against it, and thus demonstrate to the world that this fair Golden State of ours has as its legislators a body of men actuated by the highest principles of humanity, who refuse to participate in providing victims for the unspeakable tortures of vivisection and animal experimentation. We respectfully request you to vote against this bill, that the record of our fair and beautiful State may not be stained with the indelible blot of official sanction of fiendish cruelty to dumb animals.

ELIZABETH TOWNSEND, and 18 others.

By Mr. Hudson:

Same petition as above signed by H. W. HOOGL and 26 others

By Mr. Arnerich:

ALAMEDA, January 29, 1917

We, the undersigned merchants of the city of Alameda, earnestly request of you that you give your support to the anti-trading stamp law, known as the Chandler Senate Bill No. 5, a bill which we consider to be in the interest of every branch of legitimate business

H. HAUCH and 42 others

The following petitions were presented and ordered printed in the Journal:

By Mr. Doran:

POINT LOMA, CALIFORNIA, March 12, 1917.

Protest against the passage of Prendergast Assembly Bill No. 798, State Legislature, California.

Katherine Tingley, Foundress of the Men's International Theosophical League of Humanity, with headquarters at Point Loma, California, has formulated among its objects the abolishment of vivisection and all other forms of cruelty to animals, the bringing about of a better state of society, and the development of a nobler, higher humanity.

WHEREAS, There is pending in the Legislature of the State of California, Assembly Bill No. 798, providing for the use of unclaimed animals in public pounds for the purposes of vivisection by incorporated colleges and universities of this State; and

WHEREAS, In the opinion of the Men's International Theosophical League of Humanity vivisection is debasing and brutalizing to those who practice or witness it, or who as students receive medical knowledge avowedly based thereon, and to the public who willingly permit it; and

WHEREAS, Such practitioners and students, calloused by thrusting the knife into helpless victims, are or will be in nearly all cases in personal contact with the public as physicians or surgeons, and with the lives and persons of men, women and children in their keeping and at their mercy, and

WHEREAS, Vivisection diverts the minds of its students and practitioners from the discovery of the more natural, beneficent, and finer forces of therapeutics, closes the paths which lead to new and higher fields of medical knowledge, and prevents the recognition of the very existence of such finer forces and fields of knowledge, and

WHEREAS, We regard vivisection as a needless and noxious addition to the existing sum of the world's pain and misery, and a survival of medieval barbarism, and as bringing with it a danger of the recrudescence of human vivisection, as indicated by suggestions, already made in various quarters throughout the country, for the use of criminals for this purpose, and

WHEREAS, The bill in question makes the State of California a party to this brutalizing practice and a party, through its municipal officers, to a nefarious traffic

We, therefore, a committee of the Men's International Theosophical League of Humanity, summoned by Katherine Tingley to consider the bill, do in conformity with the above-mentioned objects of the said league and for the reasons above set forth most earnestly protest against the passage of the aforesaid Prendergast Bill No. 798, and urge its speedy rejection.

Petition against the passage of Prendergast Assembly Bill No. 798, State Legislature, California.

*To the Honorable the Legislature of the State of California*

We, the undersigned, citizens and residents of the State of California, do hereby respectfully enter our most earnest and emphatic protest against the passage of the Prendergast Assembly Bill No. 798 now before the California State Legislature, which bill provides for the sale of unclaimed animals from all the public pounds throughout the State of California to medical colleges, for the purposes of vivisection and animal experimentation, and we respectfully petition your honorable body that the same do not pass, for the following reasons:

1. Because it would consign helpless, unclaimed animals from the public pounds in California to become victims of the horrible and fiendish cruelty of vivisection—the State and people of California thus constituting themselves agents for providing such victims. We refuse to be participants in this.

2. Because the practice of vivisection is contrary to the dictates of humanity and kindness and the finer sensibilities of human nature which in all ages have been held to be marks of true men and women. "A merciful man is merciful to his beast."

3. Because many of the most noted physicians, including several who have themselves made an extensive practice of vivisection, have declared that no real benefit to humanity has resulted from such practice, nor has the science of medicine been thereby advanced.

4. Because the passage of such a bill would be an incentive to thieves to steal domestic animals and pets in order to avail themselves of the opportunity of selling them, ostensibly with the permission of the State.

5. Because the practice of vivisection is brutalizing to all who take part in it, causing callousness, blighting intuition, sympathy, and those finer qualities which are essential to the true physician; because also of the psychological effect which such brutalization and callousness have, not only upon our youth, and indirectly upon prenatal conditions, thus affecting the coming generations.

By rejecting this bill, the State of California will make a record for the encouragement of more humane treatment of all living creatures.

We therefore protest against the passage of this bill and request all members of the State Legislature of California to vote against it, and thus demonstrate to the world that this fair golden State of ours has as its legislators a body of men actuated by the highest principles of humanity, who refuse to participate in providing victims for the unspeakable tortures of vivisection and animal experimentation. We respectfully request you to vote against this bill, that the record of our fair and beautiful State may not be stained with the indelible blot of official sanction of fiendish cruelty to dumb animals.

By Mr. Wishard:

The same petition as above, signed by JAMES W. PEARSON and 12 others.

By Mr. Arnerich:

The same petition as above, signed by H ROSENTHAL and 11 others.

By Mr. Kline:

We, the undersigned, retail grocers of this State, your constituents, earnestly request you to oppose any legislation prohibiting the manufacturers of standard articles of merchandise from redeeming their own labels, trade-marks, wrappers, coupons, or other similar tokens, for the reason that this cooperative advertising and merchandising is distinctly beneficial—and in no manner detrimental—to the dealer and the consumer.

Furthermore, we particularly direct your attention to the important fact that such a prohibitory state law would very injuriously discriminate against the grocers in this State, in favor of the powerful, foreign, direct-to-consumer and interstate concerns, which would not be subject thereto. Such a law would operate to drive trade from our stores directly into the hands of these foreign concerns, our most powerful competitors.

In addition, trading stamps should not be confused with the manufacturers' redeemable tokens, as they are entirely different in character and effect, and whatever may be the evils which the retail grocer complains of in the trading stamp system, these evils are not present, to any degree, in the premium advertising employed by the manufacturers, where the tokens are directly issued by the manufacturer to and redeemed from the consumer, without any expense or burden, in the slightest degree, upon the dealer.

We respectfully and earnestly urge that the following amendment be incorporated in any bill seeking to prohibit or tax premium advertising:

*"Provided, however, that this act shall not prohibit the manufacturer or packer from issuing and redeeming, in any manner, for any goods, wares, or merchandise, his, its, or their own labels, trade-marks, wrappers, coupons, or other similar tokens which are attached to, included within, or form a part of the package of his, its, or their own goods, wares, merchandise, nor the sale of such goods, wares, or merchandise."*

The Governor addressed the Joint Convention as follows:

#### ADDRESS OF GOVERNOR HIRAM W. JOHNSON.

I come to you today with the mandate from our people for the most exalted office within their gift, voluntarily to relinquish the highest office of our State. While I have the fullest appreciation of the great honor that has been done me, and my heart overflows with gratitude for the overwhelming expression of confidence given me by the people, I yet find today's task the most difficult of all my life. Here, in this very spot, was where we consecrated ourselves six years ago and dedicated ourselves to the reformation and regeneration of our State. Here, and even in this very chamber, has been the scene of our efforts and our striving and our struggle. Here have been our accomplishment, our achievement and our triumph. And today, we find our whole State, as we, ourselves, were six years ago, consecrated and dedicated to justice, humanity and true democracy. Measurably our work has been done, but the fact that it has been done, and has been so overwhelmingly endorsed and approved by our people makes the parting with it the more difficult.

The work of your predecessors is their lasting monument. Neither marble nor bronze are needed to commemorate their labors and their victory. Their names are indelibly inscribed in the hearts of a grateful people. We need not fear for the policies they initiated and which have been so successfully administered. In the beginning and during the formative process of the new policies of our State, there were differences of opinion, harsh criticism and even bitter hostility. None now deny them. The wisdom of your predecessors, their vindication and their justification, have come today when no man in public life would impair or destroy the new philosophy of government embodied in the Railroad Commission, the Board of Control, the Industrial Accident Commission and the like activities of the State. These policies and the various laws that deal with human and social relations, none would dare touch with profane hands now. During our generation, they are safe from attack or destruction. Though they form such an important part of the achievement of yourselves and of your predecessors, it is not for them, in this solemn moment that I appeal. A human government, recognizing no privileged class, demanding and

obtaining for each individual however humble, the right to an equal share of God's sunlight and happiness, develops other attributes as well. Long forgotten before 1911, there have come to us since the most highly prized of all things in public life. There is another viewpoint now, a nobler aspiration. There is finally in California's government a real character, a quickened public conscience, a religious fervor of service, an idealism translated into everyday action, aye, the very soul of democracy triumphant. It is for the maintenance and the protection and the preservation of these that I speak.

Two years ago, I stood upon this platform by the side of one who, in the previous four years of intense heartbreaking struggle, had outstripped us all. Jack Esbleman was the embodiment of that which we invoke in our public life, of that character and conscience and fervor and idealism we have measurably attained. His spirit has ever abided with me. May his spirit abide with you and with my successor!

To my successor, who now takes the oath, as our Chief Executive we entrust not alone the material policies, the written laws, which have marked our progress and advancement and had placed California the first of all the lands, where democracy obtains, but we entrust as well the subtler, and the finer and the nobler thing that has come to us with our struggle and our triumphs and our humane enactments,—the public service that knows naught but the will of the people, and thinks of naught but how best to perform that will and its duty, the aroused conscience of a great people, the untainted and untarnished idealism that must be kept imperishable, the very soul of democracy. To him, we turn these over as a sacred trust. We do it in full expectation that he has the will to do and the courage to protect, the firmness uncompromisingly to maintain them, and with this expectation, I ask for him from you, the same cordial ungrudging and generous support you have ever accorded to me.

I am loth to say good-bye! "The mystic chords of memory" swell within me. Each successive step of our advance passes in review as I stand before you, the first feeble but determined efforts against an oligarchy that had made of our wondrous State a railroad satrapy, the militant, aggressive attack, the revolution that made us free, the conservation and dedication which set our faces to the light dimly seen afar, and finally a great people emerging out of political bondage to independence and freedom. We have fought the good fight and we have won. The victory and its fruits, I leave with you.

May God give you the vision and the firmness and the courage to keep the faith!

#### RESIGNATION OF HIRAM W. JOHNSON.

The following resignation from Hiram W. Johnson as Governor of the State of California was presented by him to President pro tempore A. H. Breed of the Senate:

*To the Legislature of the State of California.*

I resign hereby as Governor of the State of California.

HIRAM W. JOHNSON.

Dated at Sacramento, California, noon, March 15, 1917.

#### ADDRESS OF PRESIDENT PRO TEMPORE A. H. BREED.

Governor Johnson, on behalf of the Legislature, I wish to state that this is a most extraordinary and solemn occasion.

Six years and more ago, after a strenuous campaign against intrenched interests then in power, the masterful leader of that revolutionary campaign was elected to the governorship of this State, and took the oath of office in this chamber.

From that hour till the present time the State's political affairs have been guided by the genius of Hiram W. Johnson.

This great office of Governor has been ably and completely filled by our distinguished and eminent friend.

In the conduct of the office he has attracted the eyes of all in this State to the wonderful accomplishments that he has been able to attain during the brief years since he came to power.

Not only have the eyes of the people of California been observing the fruitful career of Governor Johnson, but the eyes of the nation as well have been attracted to him.

It was inevitable that this hour of parting should come, for the people of California love to honor him who so faithfully serves them, and the time was sure to arrive when they would demand of Governor Johnson that he represent them in the United States Senate, the greatest legislative body in the world.

When this demand was made, what a multitude of voices joined in making it!

By an overwhelming majority of 300,000, you, sir, have been requested by the electorate of California to represent this great State in our nation's capital.

It is a time of great crisis in national affairs, momentous problems are present for solution. The whole world is in the throes of the most terrible war in history.

Issues of the utmost vital interest to America are involved in the titanic combat.

We know what a great exponent American principles will have in you, and we know that desire for justice and love of humanity and the spirit of patriotism animates your every thought.

We know the splendid abilities with which God has endowed you, and while we regret that at this solemn hour we must say a word of parting to our beloved chief yet we are consoled in the thought that you are going now with your broad experience and your great equipment for service into a larger forum where you will have a wider opportunity to serve the people and their highest interests which have ever been dear to your heart.

Those of us who have fought with you, sir, in the creation of the "California" policies will continue to fight to perpetuate and maintain those policies.

We will continue that fight because we believe in those policies. We will continue it because we know that the great electorate of this State believes in those policies.

We will continue it because it is a fight based upon reason and waged for the good of humanity.

We, your friends in California, will follow with eager and friendly eyes the unfolding of your career as a national legislator.

I speak for all when I say that we expect that your career will in no distant future be crowned by the presidency itself.

Senator Johnson, it becomes my duty to accept, regretfully, on behalf of the Legislature, your resignation as Governor. In doing so, I, on behalf of the Legislature of California, extend respectful salutations to you as United States Senator and bid you "Godspeed."

#### RESOLUTION.

The following Senate and Assembly resolution was offered by Senator Benson and Assemblyman Ryan:

*Resolved*, That the Legislature, assembled in joint session, does hereby accept the resignation of Hiram W. Johnson as Governor of the State of California, this day presented. That we do so with a keen appreciation of the lofty ideals of public service which have controlled his efforts as the Chief Executive of our State and with a grateful realization of the tremendously important and beneficent achievements which have marked his administration of the duties of that high office, and, be it further

*Resolved*, That while we deeply regret the necessity for the severance of the tie which has bound us to him in the performance of the official duties to our State government and will sorely miss the pleasure and inspiration of his presence, we extend to him and to our people sincere congratulations upon his entry into a wider field of patriotic activity. His accomplishments in California give assurance of a splendid and conspicuous service in behalf of our nation and to his new and broader field of public duty we wish him sincere Godspeed, and, be it further

*Resolved*, That we do hereby extend greetings to Honorable William D. Stephens and tender him our best wishes in the performance of his duties as Governor of our State.

Resolution read.

Senator Benson moved that the resolution be adopted.

Motion seconded by Mr. Ryan.

Motion carried viva voce.

WHEREAS, The city of Sacramento, realizing the danger that the city is subjected to if the recurrence of such floods as have occurred in the past cannot be prevented, has in the past spent large sums of money in carrying out such project and is now engaged in the building of the Bryte Bend Weir, also known as the Sacramento by-pass, and being a part of the system under the control of the Sacramento and San Joaquin Drainage District, and

WHEREAS, Such by-pass is being built at a cost of six hundred and thirty-five thousand dollars (\$635,000.00) under a law of the State of California, creating the Sacramento and San Joaquin Drainage District, by which the city of Sacramento is to receive warrants of such district in part payment for such work; and

WHEREAS, Senate Bill No. 846 and other bills are now pending in the Legislature seeking to abolish the Sacramento and San Joaquin Drainage District, or submitting the existence thereof to an election and also to abolish the State Reclamation Board;

*Resolved*, By the City Commission of the city of Sacramento that we are unalterably opposed to any such measures and do urgently request our Senators and Assemblymen to vote against any and all such bills;

*Resolved, further*, That the prosperity and continued existence of the city of Sacramento depends upon the preservation of this valley from floods, and to that end the powers conferred upon the State Reclamation Board should be enlarged so that the board should have full and ample power to do whatever may be necessary to protect the city of Sacramento and surrounding country from inundation;

*Resolved, further*, That the abolition of the Sacramento and San Joaquin Drainage District, unless provision be made by the State of California for the payment of the warrants issued and to be issued to the city of Sacramento by such district in payment for the lands acquired and the work done by the city of Sacramento under contract with the Sacramento and San Joaquin Drainage District, pursuant to the statute creating such district, would be repudiation and a breach of faith. We do not believe that the State of California will repudiate its obligations, nor do we believe that the Legislature will set the wheels of progress back and bring upon us the flood dangers of the past, and to which we will still be subjected until the plans of the Sacramento and San Joaquin Drainage District have been completed;

*Resolved, further*, That we do request the members of the Legislature to vote against Senate Bill No. 846 and against every other measure that would jeopardize the Sacramento and San Joaquin Drainage District or impair the efficiency of the State Reclamation Board.

Adopted by the City Commission of the City of Sacramento this 13th day of March, 1917.

President of the City Commission.

By Chief Clerk Boothby:

• TREASURY DEPARTMENT, WASHINGTON, February 28, 1917

SIR I beg to acknowledge the receipt of your letter of the 29th ultimo, transmitting a copy of Assembly Joint Resolution No. 8, adopted by the Legislature of the State of California, "relative to the providing of adequate and sufficient facilities for moving and transporting the life-saving apparatus and equipment of the life-saving service station on Humboldt Bay to the scene of wrecks."

It is set forth in the preamble of the resolution that "the facilities for moving and transporting life-saving apparatus and equipment of said station to the scene of wrecks is wholly inadequate and insufficient as was demonstrated in recent wrecks on the Humboldt coast, of the submarine H-3 and cruiser Milwaukee of the United States Navy \* \* \*," and the Secretary of the Treasury is requested in the resolution to take immediate steps to provide the facilities mentioned.

The Humboldt Bay coast guard station was established primarily to afford aid to vessels finding themselves in need of assistance in the waters off the entrance to Humboldt Bay. For this purpose the station was placed in the sheltered waters of the bay near the entrance. To afford every facility for getting speedily upon the scene of disaster a boathouse was placed upon the ocean beach near the bay entrance, experience having shown that the service boats in the majority of cases furnish the only means of reaching vessels endangered in this locality. Therefore, regardless of whether a boat proceeds to a vessel from the station, going en route down the bay and out through the entrance, or whether it is launched from the locality of the aforementioned boathouse directly off the open ocean beach, it is not seen that additional facilities, if provided, would serve to place the station crew and apparatus earlier upon the scene of any disaster off, or in the locality of, the entrance to the bay.

The Humboldt Bay station has rarely been called upon to assist vessels coming ashore at any considerable distance either to the north or south of the entrance, and the records of the department do not show any instance in which life has been lost through lack of facilities for transporting apparatus and boats upon such occasions.

In the instances of disaster mentioned in the resolution, it appears that there was some delay occasioned by the necessity of determining whether rescue operations could be prosecuted with greater effectiveness by means of a boat, working from the offshore side of the vessel, or by boat or breeches buoy gear, working from the beach. In each case it was decided, and correctly so as subsequent events proved, to operate from the land. It then became necessary to haul the apparatus and boat overland and a team had to be obtained for this purpose.

Doubtless some time might have been saved had a team been immediately available at or near the station, but the delay resulting from this circumstance did not affect the issue in either case, as there was not a life lost from among the entire number of persons on board both vessels at the time they stranded.

You may be assured that it is the earnest desire of this department to provide every reasonable and available means for facilitating the service operations at wrecks and it does so to the extent of its ability within the limitations of the appropriations made by Congress for the purposes of the Coast Guard, which are barely adequate to meet the most pressing and urgent demands coming from all quarters of the service.

This department has no knowledge of a bill pending in Congress, as you state there is, bearing upon the question under notice, and it is observed that the resolution makes no mention of any such bill.

Respectfully,

W. G. McADOO, Secretary.

By the Speaker:

SAN FRANCISCO, CALIFORNIA, March 12, 1917.

*To the Assembly of the State of California:*

WHEREAS, We as an organization have always stood for purity in the home, the community and the State, be it

*Resolved*, That the Woman's Christian Temperance Union of San Francisco most earnestly protests against the passage by the Assembly of the Assembly Constitutional Amendment No. 54, introduced by Assemblyman Leo R. Friedman.

FRANCES CRAISE GILMORE, President

FLORENCE R. HARTILL, Corresponding Secretary

By Mr. Kline:

RIVERSIDE, CALIFORNIA, March 13, 1917.

*To the Assembly:*

The Woman's Christian Temperance Union of Riverside has been informed that two vicious measures have been introduced in the Legislature:

1 Constitutional Amendment No. 26, introduced by Assemblyman Gelder, proposing to the people of California an amendment, providing that "hereafter no bill, act, resolution or petition intended to be enacted into law shall be presented to the voters of this State looking toward the controlling, regulating or prohibiting of liquor."

2 Constitutional Amendment No. 54, introduced by Assemblyman Leo Friedman of San Francisco, and Senate Constitutional Amendment No. 41, introduced by Senator Victor J. Canepa of San Francisco, proposing an amendment providing for the formation of segregated districts, within which prostitution may be licensed and permitted.

No. 1 would protect liquor interests from molestation for all time.

No. 2, as some one said, "It is an open insult to the conscience of California citizens."

We believe you are opposed to these amendments, and we feel these bills must be defeated.

As our Assemblyman from Riverside we, the W. C. T. U., appeal to you to work and vote against these measures. We beseech you to work that they may be defeated.

Respectfully,

RIVERSIDE W. C. T. U.

HARRIET C. WALDMAN, President; SARAH J. FORD, Vice President, JULIA STEVENSON, Secretary; MARY C. PUFFER, Treasurer.

By Mr. Ambrose:

Petition against the passage of Prendergast Assembly Bill No. 798, State Legislature, California.

*To the Honorable the Legislature of the State of California:*

We, the undersigned, citizens and residents of the State of California, do hereby respectfully enter our most earnest and emphatic protest against the passage of the Prendergast Assembly Bill No. 798, now before the California State Legislature, which bill provides for the sale of unclaimed animals from all the public pounds throughout the State of California to medical colleges for the purposes of vivisection and animal experimentation, and we respectfully petition your honorable body that the same do not pass, for the following reasons:

1. Because it would consign helpless, unclaimed animals from the public pounds in California to become victims of the horrible and fiendish cruelty of vivisection—the State and people of California thus constituting themselves agents for providing such victims. We refuse to be participants in this.

2. Because the practice of vivisection is contrary to the dictates of humanity and kindness and the finer sensibilities of human nature which in all ages have been held to be marks of true men and women. "A merciful man is merciful to his beast."

3. Because many of the most noted physicians, including several who have themselves made an extensive practice of vivisection, have declared that no real benefit to humanity has resulted from such practice, nor has the science of medicine been thereby advanced.

4. Because the passage of such a bill would be an incentive to thieves to steal domestic animals and pets in order to avail themselves of the opportunity of selling them, ostensibly with the permission of the State.

5. Because the practice of vivisection is brutalizing to all who take part in it, causing callousness, blunting intuition, sympathy, and those finer qualities which are essential to the true physician; because also of the psychological effect which such brutalization and callousness have, particularly upon our youth, and indirectly upon prenatal conditions, thus affecting the coming generations.

By rejecting this bill, the State of California will make a record for the encouragement of more humane treatment of all living creatures.

We therefore protest against the passage of this bill and request all members of the State Legislature of California to vote against it, and thus demonstrate to the world that this fair Golden State of ours has as its legislators a body of men actuated by the highest principles of humanity, who refuse to participate in providing victims for the unspeakable tortures of vivisection and animal experimentation. We respectfully request you to vote against this bill, that the record of our fair and beautiful State may not be stained with the indelible blot of official sanction of fiendish cruelty to dumb animals.

A special guaranty shall guarantee in the same manner the particular commercial feeding stuffs listed in an invoice of the same and shall be attached to or shall fully identify such invoice. Both said guaranties to afford protection must contain the name and address of the party or parties making the sales of such commercial feeding stuffs to said dealer. If the guaranty be to the effect that such commercial feeding stuffs are not adulterated, mislabeled or misbranded within the meaning of the national pure food act, approved June 30, 1906, it shall be sufficient for the purposes of this act and have the same force and effect as though it referred to this act, except that a guaranty referring to the said national pure food act alone shall not be sufficient for the purposes of this act in any case where at any time the standard for the commercial feeding stuffs concerned under this act is higher than the standard for like commercial feeding stuffs under said national pure food act. In case the wholesaler, jobber, manufacturer or other party making such guaranty to said dealer resides without this state and it appears from the certificate of the director of the state laboratory that such commercial feeding stuffs were adulterated, mislabeled or misbranded, within the meaning of this act or the national pure food act approved June 30, 1906, the district attorney must forthwith notify the attorney general of the United States of such violation."

## PETITIONS.

The following petitions were presented and ordered printed in the Journal:

By the Speaker:

OROVILLE, BUTTE COUNTY, CALIFORNIA, March 16, 1917.

*To the Assembly of California. Greeting:*

We, the Oroville Woman's Christian Temperance Union, your constituents, qualified electors, do hereby petition that your honorable body do not pass Assembly Constitutional Amendment No. 54 (which is contrary to the Red Light Abatement Act forbidding segregated districts), or any other measure which might result in countenancing or permitting prostitution in any city or county of our State.

Respectfully submitted.

OROVILLE W. C. T. U.

L. B. GRAY, Corresponding Secretary.

Also:

*To the Assembly of the California Legislature*

GENTLEMEN: We, the women of Oakland District, Woman's Foreign Missionary Society, of the Methodist Church, in annual session assembled, do most earnestly petition your honorable body that you refuse to pass the Canepa-Friedman Bill, number 56 in the Assembly. The object of the bill is to amend the Constitution to permit segregated districts, or any amendment of similar character.

The above petition is endorsed by vote at a meeting of this organization held on Thursday, March 15, 1917.

The undersigned was authorized to so attest.

MRS. J. J. MOYER, Recording Secretary.

For The W. F. M. S. of Oakland District.

By Mr. Williams:

SOULSBYVILLE, CALIFORNIA, March 12, 1917.

The undersigned employees of the Black Oak Mines and Mill Company hereby protest against the passage of Assembly Bills Nos. 172 and 800 and Senate Bill No. 69, providing for Sunday closing, and urge you to use all honorable means to prevent their passage.

T. OLIVER, JR., and 76 others.

By Mr. Wright:

Petition against the passage of Prendergast Assembly Bill No. 798, State Legislature, California

*To the Honorable the Legislature of the State of California:*

We, the undersigned citizens and residents of the State of California, do hereby respectfully enter our most earnest and emphatic protest against the passage of the Prendergast Assembly Bill No. 798 now before the California State Legislature, which bill provides for the sale of unclaimed animals from all the public pounds throughout the State of California to medical colleges, for the purposes of vivisection and animal experimentation, and we respectfully petition your honorable body that the same do not pass, for the following reasons:

1. Because it would consign helpless, unclaimed animals from the public pounds in California to become victims of the horrible and fiendish cruelty of vivisection—the State and People of California thus constituting themselves agents for providing such victims. We refuse to be participants in this.

2. Because the practice of vivisection is contrary to the dictates of humanity and kindness and the finer sensibilities of human nature which in all ages have been held to be marks of true men and women. "A merciful man is merciful to his beast."

3. Because many of the most noted physicians, including several who have

themselves made an extensive practice of vivisection, have declared that no real benefit to humanity has resulted from such practice, nor has the science of medicine been thereby advanced.

4. Because the passage of such a bill would be an incentive to thieves to steal domestic animals and pets in order to avail themselves of the opportunity of selling them, ostensibly with the permission of the State.

5. Because the practice of vivisection is brutalizing to all who take part in it, causing callousness, blunting intuition, sympathy, and those finer qualities which are essential to the true physician; because also of the psychological effect which such brutalization and callousness have, particularly upon our youth, and indirectly upon prenatal conditions, thus affecting the coming generations.

By rejecting this bill, the State of California will make a record for the encouragement of more humane treatment of all living creatures.

We therefore protest against the passage of this bill and request all members of the State Legislature of California to vote against it, and thus demonstrate to the world that this fair Golden State of ours has as its legislators a body of men actuated by the highest principles of humanity, who refuse to participate in providing victims for the unspeakable tortures of vivisection and animal experimentation. We respectfully request you to vote against this bill, that the record of our fair and beautiful State may not be stained with the indelible blot of official sanction of fiendish cruelty to dumb animals.

A. N. MERRYMAN, and 18 others.

By Mr. Kline:

Same petition as above signed by A. B. EADIE, H. L. THOMPSON, M. P. WILCOX, and 16 others.

By Mr. Lyon, C. W.:

Same petition as above signed by E. P. WRIGHT, and 27 others.

By Mr. Burke:

Same petition as above signed by CARRIE I. LEWIS, and 17 others.

By Mr. Knight:

By Mr. Gebhart:

WHEREAS, The city of Sacramento has spent large sums of money in building its levee system, and is now engaged in spending the sum of \$635,000.00 for the acquisition of lands for the building of what is known as the Bryte Bend Weir, and for the labor in connection therewith, which said Bryte Bend Weir is known as the Sacramento By-Pass, and is a part of the system of flood control adopted by the State Reclamation Board, and is a part of the work to be undertaken and supervised by the Sacramento and San Joaquin Drainage District; and

WHEREAS, Said money is being expended by the city of Sacramento pursuant to the provisions of the act of the Legislature creating the Sacramento and San Joaquin Drainage District, by which the city of Sacramento is to be reimbursed for such money as has been or may be expended on the faith of such statute; and

WHEREAS, Not only the safety but the very existence of the city of Sacramento depends upon the control of floods and the carrying out in full of the by-pass system adopted by the State of California as outlined by the State Reclamation Board; and

WHEREAS, The money expended by the city of Sacramento would be wasted and the work now being done by the city of Sacramento would be rendered valueless unless the work be completed as a whole and all parts of it carried to a successful completion; and

WHEREAS, There are now pending in the Legislature of the State of California, Senate Bill No. 846 introduced by Senator Chandler, and other bills intended to dissolve the Sacramento and San Joaquin Drainage District either directly or indirectly, by submitting the same at a so-called election, and also other bills for the abolition of the State Reclamation Board; and

WHEREAS, The Chamber of Commerce of the City of Sacramento has appointed a committee of one hundred citizens to be known as the Committee of Safety, for the purpose of using all proper means to carry into effect the plans for flood control, of which the Sacramento and San Joaquin Drainage District is a means, and of attempting to secure all necessary legislation for the purpose of aiding in the prosecution of such work, and of enlarging the powers of the State Reclamation

Board, and also of enlarging and increasing the scope of the Sacramento and San Joaquin Drainage District so that the whole system for the preservation of the Sacramento and San Joaquin Valleys may be fulfilled.

*Resolved*, By the Chamber of Commerce, through its committee of safety, consisting of one hundred citizens.

That we call upon the Legislature of the State of California to defeat Senate Bill No. 846, and any and all bills that in any measure will tend to destroy the Sacramento and San Joaquin Drainage District or abolish the State Reclamation Board or in any manner interfere with the efficiency of said State Reclamation Board.

That the creation of the Sacramento and San Joaquin Drainage District is absolutely essential to the preservation of the Sacramento and San Joaquin Valleys from dangerous floods. The Sacramento River is incapable of carrying the flood waters that reach it, and as reclamation progresses from time to time the carrying capacity of such river is gradually being decreased.

That the Sacramento and San Joaquin Drainage District is the means whereby the State of California is keeping its faith with the Federal Government.

*Resolved, further*, That the additional powers should be conferred upon the State Reclamation Board of the State of California, so that such board may more effectually carry out the plans adopted by the Federal Government and the State of California. The Chamber of Commerce of the City of Sacramento earnestly urged upon our Senators and Representatives in Congress the passage of the bill recently signed by President Wilson, providing for the control of floods in the country adjacent to the Mississippi River and the Sacramento River, and the plan adopted by the United States Government for such purposes is one of great national importance. Such plan and work concern not only the people of the Sacramento and San Joaquin Valleys, but those of the State of California and of the United States. We have pledged our solemn faith to cooperate with the United States Government in thus extending to us a helping hand and are in good faith and honor bound to preserve not only the Sacramento and San Joaquin Drainage District, but to take any other steps that may be necessary to increase the efficiency of such district as a means of carrying out our part of the bargain.

*Resolved, further*, That any action of the Legislature that would abolish the Sacramento and San Joaquin Drainage District, or submit the same to an election, would be a breach of faith on the part of the State of California, and a repudiation of the contract of the city of Sacramento with such district.

*Resolved, further*, That this Committee of Safety of one hundred citizens appointed by the Chamber of Commerce of the City of Sacramento, do respectfully solicit the aid of the Governor of the State, and of the members of the Legislature to defeat any bill now introduced or which existed several years ago. The time has arrived in the history of the state when there must be systematic action taken and controlled by some central authority. The time has passed when each individual district can raise its hand against its neighbor and cause damage or destroy the lands of those who are weaker. We respectfully request the Governor of the State of California and each member of the Legislature to pass such appropriate legislation as in their judgment may be necessary to increase the powers of the State Reclamation Board, to enable them to carry out the plan above described.

*Resolved* That the Senators and Assemblymen from this county be, and they are hereby, urgently requested to vote against any measure repealing or intending to abolish the Sacramento and San Joaquin Drainage District, or submitting the continuance of the same to an election, or lessening in any manner the powers of the State Reclamation Board, or any other act that in any degree would prevent or retard the carrying out of the flood control project, and they are also further requested to vote to support and vote for any measure increasing the powers of the State Reclamation Board so as to give said board greater control over the whole situation.

*Resolved, further*, That a copy of these resolutions be sent to the Governor of the State of California, to each member of the State Legislature and that the committee of safety as a body, attend the meetings of the legislative committees to enter their personal protest against any measure intending to abolish the Sacramento and San Joaquin Drainage District, or abolish the State Reclamation Board of the State of California or lessen its powers.

Respectfully submitted by the Sacramento Citizens Committee of One Hundred.

Assembly Constitutional Amendment No. 54, introduced by Assemblyman Leo Friedman of San Francisco and Senate Constitutional Amendment No. 41, introduced by Senator Victor J. We, your constituents, request you to vote and work against the above bills.

By Mr. Gebhart:

Petition against the passage of Prendergast Assembly Bill No 798, State Legislature, California.

*To the Honorable the Legislature of the State of California:*

We, the undersigned, citizens and residents of the State of California, do hereby respectfully enter our most earnest and emphatic protest against the passage of the Prendergast Assembly Bill No. 798 now before the California State Legislature, which bill provides for the sale of unclaimed animals from all the public pounds throughout the State of California to medical colleges, for the purposes of vivisection and animal experimentation, and we respectfully petition your honorable body that the same do not pass, for the following reasons

1. Because it would consign helpless, unclaimed animals from the public pounds of California to become victims of the horrible and fiendish cruelty of vivisection—the State and people of California thus constituting themselves agents for providing such victims. We refuse to be participants in this

2. Because the practice of vivisection is contrary to the dictates of humanity and kindness and the finer sensibilities of human nature which in all ages have been held to be marks of true men and women "A merciful man is merciful to his beast."

3. Because many of the most noted physicians, including several who have themselves made an extensive practice of vivisection, have declared that no real benefit to humanity has resulted from such practice, nor has the science of medicine been thereby advanced.

4. Because the passage of such a bill would be an incentive to thieves to steal domestic animals and pets in order to avail themselves of the opportunity of selling them, ostensibly with the permission of the State

5. Because the practice of vivisection is brutalizing to all who take part in it, causing callousness, blunting intuition, sympathy, and those finer qualities which are essential to the true physician: because also of the psychological effect which such brutalization and callousness have, particularly upon our youth, and indirectly upon prenatal conditions, thus affecting the coming generations.

By rejecting this bill, the State of California will make a record for the encouragement of more humane treatment of all living creatures

We therefore protest against the passage of this bill and request all members of the State Legislature of California to vote against it, and thus demonstrate to the world that this fair Golden State of ours has as its legislators a body of men actuated by the highest principles of humanity, who refuse to participate in providing victims for the unspeakable tortures of vivisection and animal experimentation. We respectfully request you to vote against this bill, that the record of our fair and beautiful State may not be stained with the indelible blot of official sanction of fiendish cruelty to dumb animals

Resolutions of protest against the passage of the Prendergast Assembly Bill No 798, State Legislature, California.

Inaction in a deed of mercy is an action in a deadly sin—Helen Petrovna Blavatsky.

Whatsoever a man soweth, that shall he also reap—Paul.

Leibnitz, the great scientist, said "I believe the souls of animals are imperishable, and I find that nothing is better fitted to prove our own immortal nature."

We, the members of the Woman's International Theosophical League (unsectarian and humanitarian), a department of the Universal Brotherhood which was organized "for the benefit of the people of the earth and all creatures" by Madame Katherine Tingley, the foundress-directress of said league and leader of the Universal Brotherhood and Theosophical Society throughout the world, do hereby adopt the following resolutions:

WHEREAS, One of the specific objects of this league is to abolish vivisection; and,

WHEREAS, Animal experimentation inflicts upon helpless beings tortures more exquisite than any language can depict; or, in the words of the noted French vivisector, Claude Bernard: "suffering the most atrocious that the imagination of man can conceive," in mutilation, scalding, roasting, freezing, slow strangulation, starving, the injection of poisons, the crushing and tearing of nerves and muscles by especially devised instruments—the helpless victims being often, by the refinements of science, denied even the mercy of unconsciousness or death; and,

WHEREAS The data obtained by such experimentation are unreliable because of (a) the pain, which abnormally affects all physiological processes; (b) the difference between the reaction in the case of human and animal tissues, and (c) because the judgment of the experimenter is warped by his violation of those divine laws upon the observance of which clear judgment depends; and,

WHEREAS, The results obtained have not justified the means employed, since, although the immediate effect of serum treatment—for which vivisectors justly claim the credit—may often combat the specific disease treated, it nevertheless so exhausts the natural resistance to disease that the system later succumbs, as is attested by the unquestioned increase and mortality of the malignant and degenerative diseases which are the scourge of humanity today; and,

WHEREAS, It is our conviction, based upon a study of the science of life, that if the same energy expended in the unclean, unnatural and dehumanizing methods employed by vivisectors had been used in harmony with nature's laws, far different results would have been obtained, since this practice blunts the higher faculties of the mind, brutalizes man, and prevents the vivisector from seeking more humane and natural methods; and,

WHEREAS, Many of the animals selected for torture by vivisectors are those which are notable for their trustfulness and their loyalty to man—the dog especially being his faithful protector and friend—man's action in taking advantage of this trustfulness and devotion to make it easier for him to inflict with impunity long continued and excruciating torture, is an action more cowardly than that of the assassin who creeps upon his victim in the dark; and,

WHEREAS, Man, the acknowledged head of the kingdoms of nature, stands in a position of responsibility to the less developed creatures, it is unworthy and belittling in him to strive to win from the tortures of his brothers of the earth and air, immunity from the effects of laws broken by himself; and,

WHEREAS, The practice of vivisection is without doubt brutalizing to all who exercise it, reacting, through its subtle psychology, not only upon the minds of little children and the youth but upon the even more sensitive prenatal life; influencing the schools directly through methods recommended in textbooks, and insidiously lowering the moral tone of the whole race; and,

WHEREAS, The step prophesied by Katherine Tingley many years ago, but rejected at the time with indignation as an impossibility by the profession, namely: vivisection and experimentation upon homeless, orphaned babes, whose very helplessness should invoke our tenderness and special care, has already been taken; and,

WHEREAS, The practice of vivisection is an assault upon the most sacred and fundamental of universal laws—that of compassion, based upon brotherhood as a fact in nature—and the prevailing disregard of which is primarily responsible for the discontent, misery and confusion which have found their present climax in the horrors of a world-war; and,

WHEREAS, It is thus the duty of every citizen of California to discourage the brutalizing of the vivisector's mind and character, and to encourage his research for humane and rational methods for the curing of disease; therefore, be it

*Resolved*, That, as home-makers, mothers and teachers; as workers for humanity and protectors of the young; as physicians, professional women and research-workers in science; and as students of theosophy at the International Theosophical Headquarters at Point Loma, California, under the guidance of our teacher, Katherine Tingley, we protest against the passage of this bill, the support of which would encourage a disregard of the sacredness of life, increase brutality, and entangle the whole race in the chain of evil effects which is gradually but surely undermining its morals, health and sanity.

For verily when the world feels convinced—and it can not avoid coming one day to such a conviction—that animals are creatures as eternal as we ourselves, vivisection and other permanent tortures, daily inflicted on the poor brutes, will, after calling forth an outbreak of maledictions and threats from society generally, force all governments to put an end to those barbarous and shameful practices. (Written in 1886 by Helena Petrovna Blavatsky, foundress in 1875 of the Theosophical Society and Universal Brotherhood.)

#### PRESENTATION OF PETITIONS.

The following petitions were presented and ordered printed in the Journal:

By Mr. Brown:

Petition against the passage of Prendergast Assembly Bill No. 798, State Legislature, California.

*To the Honorable the Legislature of the State of California*

We, the undersigned, citizens and residents of the State of California, do hereby respectfully enter our most earnest and emphatic protest against the passage of the Prendergast Assembly Bill No. 798 now before the California State Legislature, which bill provides for the sale of unclaimed animals from all the public pounds throughout the State of California to medical colleges, for the purposes of vivisection and animal experimentation, and we respectfully petition your honorable body that the same do not pass, for the following reasons:

1. Because it would consign helpless, unclaimed animals from the public pounds in California to become victims of the horrible and fiendish cruelty of vivisection—the State and people of California thus constituting themselves agents for providing such victims. We refuse to be participants in this.

2. Because the practice of vivisection is contrary to the dictates of humanity and kindness and the finer sensibilities of human nature which in all ages have been held to be marks of true men and women. "A merciful man is merciful to his beast."

3. Because many of the most noted physicians, including several who have themselves made an extensive practice of vivisection, have declared that no real benefit to humanity has resulted from such practice, nor has the science of medicine been thereby advanced.

4. Because the passage of such a bill would be an incentive to thieves to steal domestic animals and pets in order to avail themselves of the opportunity of selling them, ostensibly with the permission of the State.

5. Because the practice of vivisection is brutalizing to all who take part in it, causing callousness, blunting intuition, sympathy, and those finer qualities which are essential to the true physician; because also of the psychological effect which such brutalization and callousness have, particularly upon our youth, and indirectly upon prenatal conditions, thus affecting the coming generations.

By rejecting this bill, the State of California will make a record for the encouragement of more humane treatment of all living creatures.

We therefore protest against the passage of this bill and request all members of the State Legislature of California to vote against it, and thus demonstrate to the world that this fair Golden State of ours has as its legislators a body of men actuated by the highest principles of humanity, who refuse to participate in providing victims for the unspeakable tortures of vivisection and animal experimentation. We respectfully request you to vote against this bill, that the record of our fair and beautiful State may not be stained with the indelible blot of official sanction of fiendish cruelty to dumb animals.

J. P. DEMPSEY and 87 others.

By Mr. Arnerich:

Same petition as above, signed by M. L. WORTH and 42 others.

By Mr. Gebhart:

PROTEST BY RECLAMATION DISTRICT NUMBER NINE HUNDRED

*To the Governor, and the Legislature of the State of California*

The undersigned, Reclamation District No 900, situate in the county of Yolo, State of California, does hereby respectfully petition the Governor of the State of California, the Senate and the Assembly now in session therein, in respect to matters involving flood control and the Sacramento and San Joaquin Drainage District, as follows:

That your petitioner is advised that certain bills have been introduced in the Senate and Assembly, being known particularly as Chandler Bill, Senate No 846, Purkott Bill, Senate No. 858, Duncan Bill, Senate No 775, and Tarke Bill, Assembly Nos 1311 and 877, the result of which, if enacted, under the laws of this State, will operate to destroy the agency through which the flood control plans of the Sacramento Valley are being carried out.

Your petitioner does further represent that its boundaries, including 11,300 acres, have been laid out and its works of reclamation have been constructed or are being maintained in conformance with the flood control plans adopted by the Sacramento and San Joaquin Drainage District. That the west levees of said district form a part of the east wall of the by-pass through Yolo Basin, near the city of Sacramento.

That said district has refrained from including further lands within its boundaries, to the great financial detriment of many landholders within and without said district, on the faith that the said Sacramento and San Joaquin Drainage District would continue the completion of its works in accordance with the plans heretofore adopted by the United States government and the State of California.

That the continuance of the State Reclamation Board and of the Sacramento and San Joaquin Drainage District is essential in order to carry out the work which has already been started, and in order to make available appropriations for this purpose to be made by the United States government.

Wherefore, your petitioner requests that the bills mentioned herein be not passed or approved by the Legislature and the Governor of this State, and that said State Reclamation Board and the Sacramento and San Joaquin Drainage District be clothed with such powers as may be best adapted for the completion of the flood control plan.

RECLAMATION DISTRICT No 900

J. HARBINSON,  
JOHN T. PIGOTT.

##### REPORT OF SPECIAL COMMITTEE

##### ON RELIEF OF APPELLATE COURTS.

Mr. Satterwhite presented the following report of the Joint Committee on Relief of Appellate Courts, which was ordered printed in the Journal:

*To the Legislature of the State of California.*

GENTLEMEN: In accordance with Senate Concurrent Resolution No. 11, we desire to report that the special committee of the Legislature met in joint session with a committee of the California State Bar Association in San Francisco during the interim between the two sessions of the Legislature.

This joint committee, after careful consideration, makes five recommendations to the Legislature, which it believes will, if adopted, eliminate a large portion of the delay common to legal proceedings and will also relieve the congestion in the various courts of the State. The five recommendations are as follows, to wit:

1. That two additional divisions of the District Court of Appeals of three justices each be established, one at San Francisco and one at Los Angeles, for the purpose of relieving the present congested calendar of the Appellate Courts. By the creation of additional divisions, to the already existing courts, the necessary relief can be obtained without putting the State to much of the expense incidental to the creation of new district courts. A proposed constitutional amendment has been prepared embodying these provisions and is attached hereto and is marked "Exhibit A."

2. That pleading, practice and procedure in all the courts be governed by rules formulated by the Supreme Court, and which when promulgated shall supersede the procedural statutes in conflict therewith. A proposed constitutional amendment covering this matter is attached hereto and marked "Exhibit B."

The purpose of this amendment is to provide for the promulgation of rules by the Supreme Court in matters of a strictly pleading and procedural nature. It was the

recommendation of the joint committee that the Legislature retain full legislative power over all matters of substantive law

3. That a Commissioner of Justice be appointed by the Governor and Chief Justice of the Supreme Court, whose duty it shall be to make a comprehensive survey of the work of the courts and to report such suggestions and recommendations annually to the Governor. Attached hereto is a draft of a proposed constitutional amendment covering this matter, marked "Exhibit C."

4. That while the present jurisdictional limits of the superior and appellate courts be not substantially changed, that the Legislature nevertheless be given power to create inferior courts in townships, counties, cities and counties, incorporated cities and in towns having a population of more than one hundred and fifty thousand, and that, in the discretion of the Legislature, exclusive jurisdiction or jurisdiction concurrent with the Superior Court, be allotted to such courts in cases not involving the title to real property and where the amount in controversy does not exceed one thousand dollars. That where such actions are brought in such inferior court that the determination of the Superior Court on appeal from such judgment therein be made final. The details of this amendment are more fully shown by a proposed draft hereunto annexed and marked "Exhibit D."

5. That the provisions of the Code of Civil Procedure with respect to the standards and requirements for admission to the practice of law in the State of California be modified. The recommendations of the joint committee in this respect are that a Board of Examiners be created, the expense of which will be borne by a fee to be charged applicants. Said board to consist of three attorneys. The proposed amendment also provides that before an attorney from a jurisdiction other than California is admitted to practice, he must show that he was admitted to practice in the jurisdiction from which he came for a period of at least three years. Attached hereto, marked "Exhibit E" is a draft of said proposed amendment.

Your committee has not attempted to explain in this report, the details of the above proposed recommendations, as these can best be obtained by an examination of the proposed measures annexed hereto

KEHOE,

Chairman Senate Judiciary Committee.

SATTERWHITE,

Chairman Assembly Judiciary Committee.

#### "EXHIBIT A."

A resolution proposing to the people of the State of California an amendment to Section 4 of Article VI of the Constitution of the State of California relating to the Supreme Court and district courts of appeal, and providing for two divisions of the district courts of appeal of the first and second appellate districts.

The Legislature of the State of California, at its regular session commencing on the 8th day of January, 1917, two-thirds of the members elected to each of the two Houses of said Legislature voting in favor thereof, hereby proposes an amendment to the Constitution of the State of California amending Section 4 of Article VI thereof so as to read as follows:

#### JURISDICTION OF SUPREME COURT AND DISTRICT COURT OF APPEAL.

Sec. 4. The Supreme Court shall have appellate jurisdiction on appeal from the superior courts in all cases in equity, except such as arise in justices' courts; also, in all cases at law which involve the title or possession of real estate, or the legality of any tax, impost, assessment, toll, or municipal fine, or in which the demand, exclusive of interest, or the value of the property in controversy, amounts to two thousand dollars, also, in all such probate matters as may be provided by law; also, on occasions of law alone, in all criminal cases where judgment of death has been rendered, the said court shall also have appellate jurisdiction in all cases, matters and proceedings pending before a district court of appeal, which shall be ordered by the Supreme Court to be transferred to itself for hearing and decision, as hereinafter provided. The said court shall also have power to issue writs of mandamus, certiorari, prohibition, and habeas corpus, and all other writs necessary or proper to the complete exercise of its appellate jurisdiction. Each of the justices shall have power to issue writs of habeas corpus to any part of the State, upon petition by or on behalf of any person held in actual custody, and may make such writs returnable before himself or the Supreme Court, or before any district court of appeal, or before any judge thereof, or before any superior court in the State, or before any judge thereof.

The State is hereby divided into three appellate districts, in each of which there shall be a District Court of Appeal.

The courts of appeal for the first and second appellate districts shall each consist of two divisions of three justices each.

The court of the third appellate district shall consist of three justices.

The District Courts of Appeal as existing immediately prior to the general election of the year one thousand nine hundred eighteen shall not be affected as

to the officers or terms of office of the justices thereof by the amendment of this section at that election; and the justices of the District Courts of Appeal of districts of the first and second districts at the time of said general election shall constitute division one of each of said districts respectively. Each of such divisions shall constitute and shall exercise all of the powers of a district court of appeal.

The first district shall embrace the following counties: San Francisco, Marin, Contra Costa, Alameda, San Mateo, Santa Clara, Fresno, Santa Cruz, Monterey and San Benito.

The second district shall embrace the following counties: Tulare, Kings, San Luis Obispo, Kern, Inyo, Santa Barbara, Ventura, Los Angeles, San Bernardino, Orange, Riverside, San Diego and Imperial.

The third district shall embrace the following counties: Del Norte, Siskiyou, Modoc, Humboldt, Trinity, Shasta, Lassen, Tehama, Plumas, Mendocino, Lake, Colusa, Glenn, Butte, Sierra, Sutter, Yuba, Nevada, Sonoma, Napa, Yolo, Placer, Solano, Sacramento, El Dorado, San Joaquin, Amador, Calaveras, Stanislaus, Mariposa, Madera, Merced, Tuolumne, Alpine and Mono.

The Supreme Court, by orders entered in its minutes, may from time to time remove one or more counties from one appellate district to another, but no county not contiguous to another county of a district shall be added to such district.

Said District Courts of Appeal shall hold their regular sessions respectively at San Francisco, Los Angeles, and Sacramento, and they shall always be open for the transaction of business.

The District Courts of Appeal shall have appellate jurisdiction on appeal from the Superior Courts in all cases at law in which the demand, exclusive of interest, or the value of the property in controversy, amounts to three hundred dollars, and does not amount to two thousand dollars, also in all cases of forcible and unlawful entry and detainer (except such as arise in justices' courts), in proceedings in insolvency, and in actions to prevent or abate a nuisance, in proceedings of mandamus, certiorari and prohibition, usurpation of office, contesting elections and eminent domain, and in such other special proceedings as may be provided by law (excepting cases in which appellate jurisdiction is given to the Supreme Court); also on questions of law alone, in all criminal cases prosecuted by indictment or information in a court of record, excepting criminal cases where judgment of death has been rendered. The said courts shall also have appellate jurisdiction in all cases, matters, and proceedings pending before the Supreme Court which shall be ordered by the Supreme Court to be transferred to a district court of appeal for hearing and decision. The said courts shall also have power to issue writs of mandamus, certiorari, prohibition and habeas corpus, and all other writs necessary or proper to the complete exercise of their appellate jurisdiction. Each of the justices thereof shall have power to issue writs of habeas corpus to any part of his appellate district upon petition by or on behalf of any person held in actual custody, and may make such writs returnable before himself or the District Court of Appeal of his district, or before any superior court within his district, or before any judge thereof.

The Supreme Court shall have power to order any cause pending before the Supreme Court to be heard and determined by a district court of appeal, and to order any cause pending before a district court of appeal to be heard and determined by the Supreme Court. The order last mentioned may be made before judgment has been pronounced by a district court of appeal, or within thirty days after such judgment shall have become final therein. The judgments of the District Courts of Appeal shall become final therein upon the expiration of thirty days after the same shall have been pronounced.

The Supreme Court shall have power to order causes pending before a district court of appeal for one district to be transferred to the District Court of Appeal of another district, or from one division thereof to another, for hearing and decision.

The justices of the District Courts of Appeal shall be elected by the qualified electors within their respective districts at the general state elections; and the term of office of said justices shall be twelve years from and after the first day of January next succeeding their election.

Upon the adoption by the people of this section by amendment at the general election of the year one thousand nine hundred eighteen, the Governor shall appoint six persons to serve as justices of the District Courts of Appeal—three as justices of division two of the first appellate district, and three as justices of division two of the second appellate district—from and after their qualification and until the next general election and qualification of their successors. The justices of divisions two of the first and second appellate districts elected as above provided, shall so classify themselves by lot that one of them shall go out of office at the end of four years, one of them at the end of eight years, and one of them at the end of twelve years, and entry of such classification shall be made in the minutes of said division, signed by the three justices thereof, and a duplicate thereof filed in the office of the Secretary of State.

If any vacancy occur in the office of a justice of the District Courts of Appeal, the Governor shall appoint a person to hold office until the election and qualification of a justice to fill the vacancy. Such election shall take place at the next succeeding general state election, as aforesaid; the justice then elected shall hold office for the

unexpired term; *provided*, that whenever the term of office of the justice whose place is filled by appointment is fixed by law to expire on the first Monday of January after the next succeeding general election, then the person so appointed to fill the vacancy shall hold office for the remainder of such unexpired term.

One of the justices of each of the District Courts of Appeal, and of each division of said courts, shall be the presiding justice thereof, and as such shall be appointed or elected, as the case may be.

The presence of two justices shall be necessary for the transaction of any business by such court except such as may be done at chambers, and the concurrence of two justices shall be necessary to pronounce a judgment.

Whenever any justice of the Supreme Court is for any reason disqualified or unable to act in a cause pending before it, the remaining justices may select one of the justices of the District Court of Appeal or of the Superior Court to act *pro tempore* in the place of the justice so disqualified or unable to act.

Whenever any justice of a district court of appeal, or any division thereof, is for any reason disqualified or unable to act in any cause pending before it, the other justices of said court or division may appoint a justice of the District Court of Appeal of another district or division, or a judge of a superior court who has not acted in the cause in a court below, to act *pro tempore* in the place of the judge so disqualified or unable to act.

No appeal taken to the Supreme Court or to a district court of appeal shall be dismissed for the reason only that the same was not taken to the proper court, but the cause shall be transferred to the proper court upon such terms as to costs or otherwise as may be just, and shall be proceeded with therein as if regularly appealed thereto.

All statutes now in force allowing, providing for or regulating appeals to the Supreme Court shall apply to appeals to the District Courts of Appeal so far as such statutes are not inconsistent with this article and until the Legislature shall otherwise provide.

The Supreme Court shall make and adopt rules not inconsistent with law for the government of the Supreme Court and of the District Courts of Appeal and of the officers thereof, and for regulating the practice in said courts, and for the distribution of causes between the divisions of said court.

The Legislature of the State of California at its regular session commencing on the 8th day of January, 1917, two-thirds of the members elected to each of the two houses of said Legislature voting in favor thereof, hereby proposes an amendment to the Constitution of the State of California, to be known as Section 26 of Article VI thereof, to read as follows:

The Supreme Court shall have power to prescribe from time to time the forms of writs and other process, the mode and manner of framing and filing pleadings and proceedings; the time, mode and manner of taking and prosecuting appeals to the Supreme Court, the District Courts of Appeal and the Superior Court; the mode and manner of giving notice and serving process and writs of all kinds, the mode and manner of production of evidence; and generally to prescribe and regulate by rule the mode and manner of pleading and practice to be used in all civil actions and proceedings of whatever nature in the courts of this State. In prescribing such rules, the Supreme Court shall have regard to the simplification of the system of pleadings and practice in said courts so as to promote the speedy and inexpensive determination of litigation on the merits. When and as the rules of court herein authorized shall be adopted and go into effect, all laws in conflict therewith shall be and become of no further effect. Nothing herein contained shall be construed as conferring on the Supreme Court the power to prescribe any rules, the effect of which will be to deprive any person of the right to any writ or remedy now or hereafter provided by law, or to enlarge or curtail the right to such writ or remedy. The District Courts of Appeal, the Superior Court and inferior courts may adopt rules for their own government not inconsistent with the rules prescribed by the Supreme Court or with law.

All rules adopted by the Supreme Court in accordance with the provisions hereof shall go into effect ninety days after their adoption. A certified copy of such rules shall within ten days after such adoption be filed with the secretary of state and with the county clerk of each county of the state. The Supreme Court may cause such further notice of the adoption of such rules to be given in such manner as it may deem proper.

*The people of the State of California do enact as follows:*

SECTION 1. Section two hundred seventy-six of the Code of Civil Procedure is hereby amended so as to read as follows:

276. Every applicant for admission as an attorney and counselor at law must present to one of the district courts of appeal satisfactory testimonials of good moral character, together with satisfactory proof that for at least three years with the purpose of obtaining admission to the bar and of entering into the actual practice of the law he has diligently and in good faith studied law in such manner, upon such subjects and under such conditions as the Supreme Court or the board of bar examiners shall have prescribed. He must also produce a certificate showing that he has satisfactorily passed an examination conducted by the board of bar examiners.

SEC. 2. A new section is hereby added to the Code of Civil Procedure, to be known as section two hundred seventy-six a, to read as follows:

276a. The Supreme Court is empowered to appoint three competent attorneys to examine applicants for admission as attorneys and counselors at law. Such persons shall constitute the board of bar examiners. The said board shall hold examinations of applicants for admission to the bar upon such subjects and at such times and places as the Supreme Court or said board may, by its rules or orders direct, provided that said examinations shall be wholly or in part written examinations. Said board shall issue a certificate to each of said applicants who shall satisfactorily pass such examination and who shall satisfy this board as to his moral character. Nothing herein shall be construed as preventing the district courts of appeal from further examining any applicant where deemed proper.

In addition to any fee prescribed by law for certificate of admission of attorney or counselor, every applicant for examination shall pay to the clerk of the district court of appeal to which he presents his application, as a fee for such examination, such sum as may be fixed from time to time by the Supreme Court, not exceeding the sum of fifteen dollars. Such fees must be paid into the state treasury to the credit of the bar examination fund and accounted, settled and charged for, in the same manner as provided by law for other fees collected by said clerk. A bar examination fund is hereby created for the salaries and expenses of said board of bar examiners, which fund is under the control of the Supreme Court. Upon the order of the Supreme Court the controller must without approval of any board, draw his warrant upon the treasurer for the amount specified, and in favor of the person designated in such warrant, which warrant must be paid out of such fund exclusively. Unused balances, if any, in such fund may be transferred to the general fund, from time to time, upon the order of the Supreme Court.

Each of the members of said board shall receive for his services annually a sum not to exceed \$500 to be fixed by the order of the Supreme Court, together with necessary traveling and incidental expenses, including clerical assistance, all of which shall be paid exclusively out of the fees of applicants for examination as hereinbefore provided.

No person who is engaged in the teaching of law or who is connected with any law school either in a teaching or an administrative capacity, or who has been connected with such law school within a period of one year next preceding the date of appointment, shall be eligible as a member of said board, or in any employment under said board.

The members of said board shall hold office during the pleasure of said Supreme Court, and all vacancies therein shall be filled by said court.

SEC. 3. Section two hundred seventy-seven of the Code of Civil Procedure is hereby amended so as to read as follows:

277. Upon presentation to it of the evidence required by section two hundred seventy-six, any district court of appeal shall admit the applicant as an attorney and counselor at law in all the courts of this State, and shall direct an order to be entered to that effect upon its records, and that a certificate of such admission be given to him by the clerk of the court, which certificate shall be his license. Every person

admitted to practice by a district court of appeal, either upon examination or otherwise, may practice as an attorney in all of the courts of this State, including the Supreme Court; and every person now entitled to practice in the Supreme Court of this state may practice as an attorney in any district court of appeal.

SEC. 4. Section two hundred seventy-nine of the Code of Civil Procedure is hereby amended so as to read as follows:

279. Every citizen of the United States, or person resident of this State, who has, bona fide, declared his intention to become a citizen in the manner required by law, who has been admitted to practice law in the highest court of a sister state, or of a foreign country, where the common law of England constitutes the basis of jurisprudence, and who has been engaged in actual practice in such state or foreign country for a period of at least three years, may be admitted to practice in all the courts of this State, by any district court of appeal, upon the production of his license, and satisfactory evidence that his license has not been revoked and that he is of good moral character, and that he has been so engaged in actual practice in such state or foreign country for a period of at least three years, but the court shall before admitting any such person to practice require an investigation and report by the board of bar examiners as to his moral and other qualifications.

SEC. 5. Section two hundred eighty *a* of the Code of Civil Procedure is hereby repealed.

SEC. 6. Section two hundred eighty *b* of the Code of Civil Procedure is hereby repealed.

## BILLS AND RESOLUTIONS

## SCOPE OF WORD "BILL"

4. Whenever the word "bill" is used in these rules it shall include constitutional amendments, joint and concurrent resolutions.

## JOINT AND CONCURRENT RESOLUTIONS.

5. Joint resolutions are those which relate to matters connected with the federal government. All other resolutions relating to matters to be treated by both Houses of the Legislature are concurrent resolutions.

## RESOLUTIONS TREATED AS BILLS.

6. Joint resolutions, concurrent resolutions and constitutional amendments shall be treated in all respects as bills, except that they shall be read but one time in each House, and that they shall not be deemed bills within the meaning of section 2 of Article IV of the Constitution and shall not be referred to the Committee on Introduction of Bills, and shall not require a vote to authorize their introduction. As in the case of bills, they shall be engrossed in the House in which they originate before being voted upon.

## PREPARATION AND INTRODUCTION OF BILLS.

## TITLE OF BILL.

7. The title of every bill introduced shall convey an accurate idea of the contents of the bill and shall be indicative of the scope of the act and the object to be accomplished. In amending a code section, the mere reference to the section by number shall not be deemed sufficient.

## DIVISION OF BILL INTO SECTIONS.

8. Bills amending more than one section of existing laws shall contain a separate section for each section amended.

Bills which are not amendatory of existing laws shall be divided into short sections, where this can be done without destroying the sense of any particular section, to the end that future amendments may be made without the necessity of setting forth and repeating sections of unnecessary length.

## CHANGES FROM CODE TO BE MARKED BY AUTHOR.

9. In case of a bill amending a code section, all omissions must be shown by the insertion of heavy parentheses without including the omitted matter; all additions must be shown by underlining the new matter. When printed, the new matter so underlined shall be enclosed in heavy brackets in the printed bill.

## COMMITTEE ON REVISION AND PRINTING TO EXAMINE BILLS WHEN INTRODUCED.

10. Unless otherwise ordered by the House in which the bill was introduced, all bills before being printed shall be immediately sent to the Committee on Revision and Printing, which shall examine the bill, with the aid of the Legislative Counsel Bureau. The committee, by and with the written assent of the author filed with it, shall have authority to correct any clerical error such as in orthography, adding or correcting the enacting clause, mistakes in numbering sections and references thereto, errors in grammar, phraseology, or in the form of the bill, provided, that no bill which bears the stamp of the Legislative Counsel Bureau showing that before introduction it has been examined as to form, shall be sent to the Committee on Revision and Printing.

## BILLS INTRODUCED TO INDICATE CHANGES IN CODE SECTIONS.

11. The Committee on Revision and Printing and the Legislative Counsel Bureau shall see to it that Rule 9 of these Joint Rules is observed by the author, and that the bill shall not be sent to the printer until the provisions of this rule have been carried out.

## REPORTS OF COMMITTEE ON REVISION AND PRINTING.

12. The Committee on Revision and Printing shall return to the Secretary of the Senate or Chief Clerk of the Assembly all bills in the order in which they were sent to it, but shall not retain any bill for longer than three legislative days, unless otherwise ordered.

## PRINTING AND DISTRIBUTION OF BILLS

## MANNER OF PRINTING BILLS, ETC.

14. The State Printer shall observe the following directions in printing all bills, constitutional amendments, joint and concurrent resolutions:

(a) The body of such bills and resolutions shall be printed in solid unspaced form so that the same type shall be used both before and after enrollment.

(b) All titles of bills, resolutions, etc., shall be set in italics, statute form, and the length of the lines used in the bills shall not exceed that of the body of the bill.

(c) The lines of all printed bills shall be numbered by page and not by sections, and amendments shall be identified by reference to title, page and line only.

(d) Enrolled bills may be enclosed in stock cover.

## PRINTING OF AMENDMENTS

15. All bills amended by either House shall be immediately reprinted; in the case new matter is added by the amendments, such new matter shall be enclosed in heavy brackets in the printed bill, and in the case of matter being omitted, the omission shall be indicated by heavy parentheses. Within the brackets or parentheses shall be printed a small index figure or symbol corresponding to a similar index figure or symbol preceding the date of the amendment appearing at the top of the first page of the bill. When a bill amendatory of a code section is engrossed, all figures or symbols shall be removed, and all parentheses or brackets shall be removed except those necessary to be retained to show the difference between the engrossed bill and the existing code section.

## DISTRIBUTION OF BILLS DURING CONSTITUTIONAL RECESS.

16 All requests for mailing or distribution by the members shall be filed with the Secretary of the Senate or Chief Clerk of the Assembly not later than the end of the second week of the first part of the session, the same to be immediately referred to the Committees on Revision and Printing; this list shall be compiled, with the elimination of duplication, as a general public mailing list. The distribution of bills, constitutional amendments, joint and concurrent resolutions shall be systematized as follows: Members' desks and legislative officers' files, 150 full sets; members' individual selection, 5 full sets each; to authors, 50 copies of their own bills, accredited newspaper representatives, 25, to public and law libraries, newspapers, county officials, and other civic, commercial, fraternal or industrial organizations as the joint printing committees may compile from the recommendations of the members of both Houses, 1500 copies; to state officers, State Library and Secretary of State, 200 copies, to legislative committees, bill room files and public requests—confined to single copies of bills designated, 1000 copies. ### PASSAGE OF URGENCY PROVISIONS IN BILLS.

34. Upon the third reading of an act which is an urgency measure within the meaning of section 1 of Article IV of the State Constitution, the presiding officer shall direct that the section of said act setting forth the facts constituting the necessity for such urgency (which shall be known as the urgency section) be then read and put to vote. The question shall be thus stated: "Shall this section setting forth the urgency features of this bill be passed?" If upon such final vote two-thirds of all the members elected to the House in which the vote is being taken shall not vote in the affirmative, no further action shall be taken on the bill; but, in case an identical bill without such an emergency clause be again introduced into such House, such bill shall be placed on file without reference to any committee.

The following petitions were presented and ordered printed in the Journal:

By Mr. Doran:

Issued by the H. P. Blavatsky and W. Q. Judge Branch of the Universal Brotherhood and Theosophical Society, 1120 Fifth street, San Diego, California (international headquarters, Point Loma, California).

Petition against the passage of Prendergast Assembly Bill No. 798, State Legislature, California.

*To the Honorable the Legislature of the State of California:*

We, the undersigned, citizens and residents of the State of California, do hereby respectfully enter our most earnest and emphatic protest against the passage of the Prendergast Assembly Bill No. 798 now before the California State Legislature, which bill provides for the sale of unclaimed animals from all the public pounds throughout the State of California to medical colleges, for the purposes of vivisection and animal experimentation, and we respectfully petition your honorable body that the same do not pass, for the following reasons:

1. Because it would consign helpless, unclaimed animals from the public pounds in California to become victims of the horrible and fiendish cruelty of vivisection—the State and people of California thus constituting themselves agents for providing such victims. We refuse to be participants in this.

2. Because the practice of vivisection is contrary to the dictates of humanity and kindness and the finer sensibilities of human nature which in all ages have been held to be marks of true men and women. "A merciful man is merciful to his beast."

3. Because many of the most noted physicians, including several who have themselves made an extensive practice of vivisection, have declared that no real benefit to humanity has resulted from such practice, nor has the science of medicine been thereby advanced.

4. Because the passage of such a bill would be an incentive to thieves to steal domestic animals and pets in order to avail themselves of the opportunity of selling them, ostensibly with the permission of the State.

5. Because the practice of vivisection is brutalizing to all who take part in it, causing callousness, blunting intuition, sympathy, and those finer qualities which are essential to the true physician; because also of the psychological effect which such brutalization and callousness have, particularly upon our youth, and indirectly upon prenatal conditions, thus affecting the coming generations.

By rejecting this bill, the State of California will make a record for the encouragement of more humane treatment of all living creatures.

We therefore protest against the passage of this bill and request all members of the State Legislature of California to vote against it, and thus demonstrate to the world that this fair golden state of ours has as its legislators a body of men actuated by the highest principles of humanity, who refuse to participate in providing victims for the unspeakable tortures of vivisection and animal experimentation. We respectfully request you to vote against this bill, that the record of our fair and beautiful state may not be stained with the indelible blot of official sanction of fiendish cruelty to dumb animals.

MISS ALICE E. FRIES, and 41 others.

Duplicate of petition from Woman's International Theosophical League, as printed March 20, 1917.

By Mr. Burke:

SIR We, the undersigned voters of Orange County, California, desire to put in our protest against the bills providing for compulsory military training in the high schools and secondary schools of California. Said bills are numbered Senate Bill No. 723 and Assembly Bill No. 978.

We are opposed to compulsory military training in the schools because it is contrary to the spirit of democracy, and to the spirit of our free institutions, including our free schools. It has been tried, found wanting and discarded in some of the countries of Europe. It savors too much of a despotic form of government. It is un-American.

We approve of Senate Bill No. 590 which provides for a course in physical training for boys and girls alike.

NOTICE TO DESTROY GROUND SQUIRRELS.

To the owner of the land referred to in this notice, and to \_\_\_\_\_ occupant thereof

Take notice that I, the undersigned commissioner, pursuant to the provisions of an act entitled 'An act (here giving the title of the act),' do hereby require you to commence to destroy all squirrels on the hereinafter described lands, on or before (here specify the date). Upon neglect or failure to comply with this notice, the destruction of the ground squirrels on said land will be effected by the undersigned at the expense of the owner.

You are further notified that your neglect or refusal to comply with this notice within \_\_\_\_\_ days after you have actual notice of the requirements hereof will render you liable to fine.

The means which you shall adopt for destroying the ground squirrels on said lands are as follows: (specifying here the means, whether by poisoning or otherwise.)

The lands referred to herein are the following described lands situate in the county of \_\_\_\_\_, state of California; to wit: (describing here the lands.)

Dated \_\_\_\_\_

\_\_\_\_\_  
Commissioner.  
By \_\_\_\_\_  
Deputy

Notice: An occupant of lands who for a period of five days after personal service of such notice on him neglects to notify the owner of said land that such notice has been served upon him is guilty of misdemeanor.

Such notices shall be served in such manner as will insure a simultaneous action on the part of the owners and occupants of land in the same part of the district for the destruction of the ground squirrels thereon; and the commissioner shall as far as possible, regulate the administration of this act so that like action shall be taken about the same time for the destruction of ground squirrels on the public lands in the same part of the district as the lands first mentioned."

AMENDMENT NUMBER THIRTY-TWO.

On page 5, in line 8, strike out the words "the landowner" and insert in lieu thereof the following: "both the owner and occupant".

AMENDMENT NUMBER THIRTY-THREE

"If by the date specified in said notice any owner or occupant on whom said notice has been served, has failed or neglected to take reasonable or diligent steps to promote the destruction of ground squirrels on the land mentioned in such notice, he shall be liable to a fine of not less than twenty-five dollars nor more than fifty dollars if the area of the land described does not exceed 160 acres, and not less than fifty dollars nor more than one hundred dollars if such area exceeds 160 acres and does not exceed 500 acres, and not less than one hundred dollars nor more than two hundred dollars if the area exceeds 500 acres.

Said fine when collected shall be paid into the general fund of the county. Actions for the recovery of such fines shall be brought in the name of the county whereof the squirrel district is a part, and on a complaint verified by the squirrel commissioner. It is made the duty of the district attorney of said county to prosecute such actions to judgment.

If by the date specified in said notice the owner or occupant of the land described in the notice has not commenced the extermination of the ground squirrels on his land under the directions of the commissioner, or having commenced the extermination he is not prosecuting the same diligently and according to the directions of the commissioner, then it shall be the duty of the commissioner to enter upon said land with his assistants and to do whatever may appear to him to be necessary to be done to exterminate the ground squirrels therefrom, and to charge the cost and expense thereof against the land in the manner hereinafter provided, and he and his assistants and deputies shall have free right of ingress, egress and regress into, over and across such private lands for such period as in his opinion is necessary to consummate the work of exterminating the ground squirrels thereon. If any owner is not entitled for the time being to enter upon said lands or any part thereof, comprised in such notice, then unless the person in actual occupation or

entitled to actual occupation of such land, at least five days before the date specified in such notice for such destruction to begin, arranged with such owner and to his satisfaction for the destruction of the ground squirrels on said land, the owner shall be deemed as regards such land to have all the powers of a commissioner under this section.

Every occupier of private land who pays the cost and expense of the destruction of ground squirrels upon land held by him as lessee or tenant shall in absence of contract to the contrary, be entitled to be repaid by his lessor or landlord. No assignment by a lessor or landlord while any such sum remains payable by him to such occupier shall defeat the right of such occupier to the payment of such sum out of the rent of the land in respect to the destruction of ground squirrels upon which the same is payable. No suit in ejectment or unlawful detainer shall lie against the occupier of land by his lessor or landlord for rent due from such occupier while any sum remains payable unless the amount of such rent exceeds the sum payable to such lessor or landlord as aforesaid and then only for the amount by which such rent exceeds the sum so payable.

Where there are more owners than one of any private land, and one of such owners is under this act compelled to pay the whole or any part of the cost of destroying the ground squirrels on such land, he may sue for and recover from the owners of such private land such proportion of the costs, charges and expenses incurred by him and about the destruction of ground squirrels on the said land as is in the opinion of the court fairly proportionate to the respective interests in such land of the owners party to such action: provided that for the purposes of this section any owner who is entitled to occupy such land for any period exceeding three years, or for a life or lives, shall be liable for the whole cost of destroying the squirrels on said land, and any owner whose right of occupancy will terminate in one year or less shall be entitled to recover the whole of such cost paid by him from the other owners of such land, nothing herein shall be construed as affecting or defeating the lien provided for in this act. The costs, charges and expenses incurred by the commissioner in destroying ground squirrels upon any private land shall be repaid by the owner or occupier of the land, and until paid shall be and remain a lien upon such land and shall have priority over all mortgages, liens and other charges thereon. In case of land vested in or held by any municipality such costs, charges and expenses shall, until payment thereof, be and remain a charge on the revenues of such municipality as well as a charge on the land upon which the ground squirrels were destroyed, and the county may maintain an action to collect same.

Until such costs, charges and expenses are paid by the owner or occupier of such land liable to pay the same, the amount thereof shall be paid out of the general fund of the county."

By Mr. Arnerich:

Petition against the passage of Prendergast Assembly Bill No. 798, State Legislature, California.

*To the Honorable the Legislature of the State of California:*

We the undersigned, citizens and residents of the State of California, do hereby respectfully enter our most earnest and emphatic protest against the passage of the Prendergast Assembly Bill No. 798 now before the California State Legislature, which bill provides for the sale of unclaimed animals from all the public pounds throughout the State of California to medical colleges, for the purposes of vivisection and animal experimentation, and we respectfully petition your honorable body that the same do not pass, for the following reasons:

1. Because it would consign helpless, unclaimed animals from the public pounds in California to become victims of the horrible and fiendish cruelty of vivisection—the State and People of California thus constituting themselves agents for providing such victims. We refuse to be participants in this.

2. Because the practice of vivisection is contrary to the dictates of humanity and kindness and the finer sensibilities of human nature which in all ages have been held to be marks of true men and women. "A merciful man is merciful to his beast."

3. Because many of the most noted physicians, including several who have themselves made an extensive practice of vivisection, have declared that no real benefit to humanity has resulted from such practice, nor has the science of medicine been thereby advanced.

4. Because the passage of such a bill would be an incentive to thieves to steal domestic animals and pets in order to avail themselves of the opportunity of selling them, ostensibly with the permission of the State.

5. Because the practice of vivisection is brutalizing to all who take part in it, causing callousness, blunting intuition, sympathy, and those finer qualities which are essential to the true physician, because also of the psychological effect which such brutalization and callousness have, particularly upon our youth, and indirectly upon prenatal conditions, thus affecting the coming generations.

By rejecting this bill, the State of California will make a record for the encouragement of more humane treatment of all living creatures.

We therefore protest against the passage of this bill and request all members of the State Legislature of California to vote against it, and thus demonstrate to the world that this fair Golden State of ours has as its legislators a body of men actuated by the highest principles of humanity, who refuse to participate in providing victims for the unspeakable tortures of vivisection and animal experimentation. We respectfully request you to vote against this bill, that the record of our fair and beautiful State may not be stained with the indelible blot of official sanction of fiendish cruelty to dumb animals.

H. ROSENTHAL, and 19 others.

By Mr. Bartlett:

We, the undersigned citizens of Sacramento and California, earnestly protest against the passage of Assembly Bill No. 798, turning over dumb animals from all the public pounds of the State of California for vivisection.

R. E. FULLER, and 4,365 others.

By Mr. Gelder:

At a regular meeting of the Sacramento Lodge of the Theosophical Society on March 10th, the following resolution was adopted.

*Resolved*, That we as a lodge being opposed to cruel and inhuman practices, voice our protest against Assembly Bill No. 798, which would turn all pound animals over for vivisection.

EUGENE W. MUNSON, Chairman.  
JESSIE E. SMITH, Secretary.

Also:

Petition against the passage of Prendergast Assembly Bill No. 798. State Legislature, California:

*To the Honorable the Legislature of the State of California:*

We, the undersigned, citizens and residents of the State of California, do hereby respectfully enter our most earnest and emphatic protest against the passage of the Prendergast Assembly Bill No. 798 now before the California State Legislature, which bill provides for the sale of unclaimed animals from all the public pounds throughout the State of California to medical colleges, for the purposes of vivisection and animal experimentation, and we respectfully petition your honorable body that the same do not pass, for the following reasons:

1. Because it would consign helpless, unclaimed animals from the public pounds in California to become victims of the horrible and fiendish cruelty of vivisection—the State and people of California thus constituting themselves agents for providing such victims. We refuse to be participants in this.

2. Because the practice of vivisection is contrary to the dictates of humanity and kindness and the finer sensibilities of human nature which in all ages have been held to be marks of true men and women. "A merciful man is merciful to his beast."

3. Because many of the most noted physicians, including several who have themselves made an extensive practice of vivisection, have declared that no real benefit to humanity has resulted from such practice, nor has the science of medicine been thereby advanced.

4. Because the passage of such a bill would be an incentive to thieves to steal domestic animals and pets in order to avail themselves of the opportunity of selling them, ostensibly with the permission of the State.

5. Because the practice of vivisection is brutalizing to all who take part in it, causing callousness, blunting intuition, sympathy, and those inner qualities which are essential to the true physician; because also of the psychological effect which such brutalization and callousness have, particularly upon our youth, and indirectly upon prenatal conditions, thus affecting the coming generations.

By rejecting this bill, the State of California will make a record for the encouragement of more humane treatment of all living creatures.

We therefore protest against the passage of this bill and request all members of the State Legislature of California to vote against it, and thus demonstrate to the world that this fair Golden State of ours has as its legislators a body of men actuated by the highest principles of humanity, who refuse to participate in providing victims for the unspeakable tortures of vivisection and animal experimentation. We respectfully request you to vote against this bill, that the record of our fair and beautiful State may not be stained with the indelible blot of official sanction of fiendish cruelty to dumb animals.

GEORGE B. COOKE, and 46 others.

By Mr Merriam :

*To the Legislature of the State of California*

We, the undersigned, housewives and consumers, earnestly request that you oppose any legislation prohibiting the manufacturers of standard articles of merchandise from redeeming their own labels, trademarks, wrappers, coupons or other similar tokens, for the reason that this cooperative advertising and merchandising is entirely in the interest of the consumer, and such a law would deprive us of a valuable discount on purchases, which discount is received without any increase in cost, or depreciation in value, of the standard articles purchased.

We respectfully and earnestly urge that the following amendment be incorporated in any bill prohibiting or taxing premium advertising :

*"Provided, however, that this act shall not prohibit the manufacture or packer from issuing and redeeming, in any manner, for any goods, wares, or merchandise, his, its, or their own labels, trademarks, wrappers, coupons, or other similar tokens which are attached to, included within, or form a part of the package of his, its, or their own goods, wares, or merchandise, nor the sale of such goods, wares, or merchandise."*

ALBERT ABLE & SON, and 52 others at Long Beach

Signed by 4 at Artesia.  
Signed by 10 at Springdale.  
Signed by 42 at Compton.  
Signed by 172 at Watts.  
Signed by 3 at Hollywood.  
Signed by 60 at Willowbrook.  
Signed by 5 at El Monte.  
Signed by 16 at Montevia.  
And signed by 38 others.

By Mr Doran :

*Resolved*, That Coronado Chapter, California No. 1, Woman's Section of the Navy League of the United States of America, favors the enactment by Congress and the State Legislature of a law making it obligatory upon all citizens to arise when "The Star Spangled Banner" is being played, and, until such law is passed, pledges itself to use all its influence to urge such respect for the national anthem.

*Resolved*, That Congress and the State Legislature be urged to enact a law prohibiting the playing of the national anthem in medleys; and be it further

*Resolved*, That the patriotic women composing the various chapters of the Navy Leagues throughout the State of California be asked to cooperate in this movement.

#### PRESENTATION OF GOVERNOR WILLIAM D. STEPHENS.

Senator Frank H. Benson, acting President of the Senate, then presented Governor William D. Stephens to the Joint Convention.

The Governor addressed the Joint Convention as follows:

#### ADDRESS OF GOVERNOR WILLIAM D. STEPHENS.

*Gentlemen of the Legislature:*

I avail myself of the privilege of appearing before you personally in order to address you the more intimately.

World events beyond our control have brought us face to face with conditions that may well have our most profound consideration.

Our beloved republic is in imminent danger of being drawn into the almost world-wide war—a war of unprecedented violence and destructiveness. If this can not be averted, as God grant it may be, California's safety is imperiled.

Upon this subject the war department at Washington in an official document says:

To transport promptly large bodies of troops into California would be difficult if not impossible in face of opposition at the passes.

The invader would have a most fertile region at his back while the reverse would be the situation with us. The harbor defenses maintained in this region are reasonably strong, but they are of little use unless supported by a reasonably strong mobile force maintained in this region.

To rely for defense during the first stage of a war upon a mobile force shipped in from the east is to invite disaster.

With these conditions confronting us it is clearly manifest that should war ensue we must be prepared not only to contribute our just share to the protection of the whole nation, but we must from our own resources stoutly defend our borders against invasion. We love peace and abhor war. But we are Americans, and as Americans we shall suffer no hostile step upon our soil.

In this hour of peril our chief reliance is upon the national government, to whose call California will respond loyally and promptly. It is unnecessary to pledge our people to the support of the President. This they will accord instantly and unanimously. The fires of American patriotism burn as brightly as in the days when our fathers laid the foundation of the republic and as brightly upon the Pacific Coast as upon the Atlantic.

That we may be of service to the nation in the event of hostilities, it is imperative that we have the disposition to defend our homes, and that we possess the necessary equipment and the knowledge to use it effectively. Love of country alone, if not translated into action, will not preserve our land from spoliation by foreign foe. We must have patriotism plus efficiency.

Under the national law all able-bodied citizens of military age are subject to call by the President for military service. It is only fair, therefore, that the State should provide, in anticipation of hostilities, so far as consistent with the federal laws, such training as will prepare men for the hardships of a soldier's life. For the most part the federal government calls men only when immediate, active service is required. Therefore men are taken from their peaceful pursuits without previous training. I deem it our duty to make provision so that at least such of our patriotic citizens as are willing to devote time to training in camp life shall be afforded opportunity to do so.

To ask men to leave their peaceful callings and take up arms in defense of our firesides, without affording them every facility within our power to prepare them to withstand the hardships that warfare imposes, would be to prove ourselves indifferent and unworthy. Such a course would expose our patriotic sons and brothers to cruel and needless suffering.

Impending events may make it necessary to provide an appropriation to meet emergencies. I respectfully suggest that you give this subject profound consideration.

Information now being sought may enable me to submit a specific recommendation in the near future. With no desire to unduly alarm, we must recognize the gravity of the situation, and be prepared for prompt and vigorous action.

#### IMPORTANCE OF COAST ROADS.

In the matter of cooperation with the federal government, every ounce of energy that we can command should be brought to bear to strengthen our borders against possible assault and invasion.

In this connection the matter of coast highways is a most important factor. Every dollar expended upon good roads is advantageously spent if we consider only the commercial benefits resulting. But coastal highways have a military value transcending in importance even the commercial aspect.

In the building of these highways it might be advisable to seek the cooperation and aid of the federal government at the approaching extra session of congress. The national government is vitally interested in whatever is done in a military way to protect the coast line, and it is possible that substantial aid will be accorded, if the State and the counties immediately benefited agree to finance their share of the cost of construction.

I would suggest, therefore, for your consideration the advisability of working out some plan for federal, state and county cooperation in coast road construction, and the adoption of a suitable appeal to congress for the ratification of such plan.

#### PROBLEM OF FOOD SUPPLY.

Another problem now pressing for solution is the world's food supply and its cost. Happily our favored commonwealth has been free from the pangs of hunger, but the high price of food staples has added much to the burdens of our people. With soil and climate such as ours there should be an abundance within the reach of everyone.

The first simple remedy for the high cost of living is a more thorough and extensive cultivation of the soil. The press of the State is doing excellent work in encouraging cultivation, even to the gardens and vacant city grounds.

Data gathered in state-wide hearings conducted by the Rural Credits Commission, disclosed the fact that agriculture as a whole is in a state of arrested development. I earnestly commend to you such legislative measures as will encourage intense and diversified farming, and place it upon a sound foundation. A comprehensive program for this would include and rest upon three fundamental departments—land occupancy, rural credits and marketing.

Insufficient understanding of our soil, water and climatic conditions has caused many failures among small farmers who have come to us from widely different conditions.

However valuable the federal rural credits system may prove to be, it can scarcely be expected to meet all the needs of those who are farming in isolated sections, where formation of associations required by the act would be impracticable. A simple, direct system of state rural credits, based upon sound banking principles, would meet with much favor and prove a great aid.

This brings us to the problem of distribution. Much good has been accomplished by organization for marketing our horticultural products; but our agriculturists and consumers are in crying need of a system that will put them into closer contact with each other so that the products of the soil may be easily transferred from producer to consumer without needless expense.

Existing world conditions disturb the ordinary laws of supply and demand, but we should find and put into service such regulations as would prevent control of, and juggling with, the prices of the necessities of life. Food and fuel are the foremost public necessities and utilities, and no one dealing in these commodities should be permitted to make more than a fair profit from his handling or disposal of them.

No one should be allowed to capitalize the hunger or cold of the people and declare dividends thereon.

The high cost of living is due far more to faulty methods of distribution than to shortage of supply. The further regulation of warehouses and cold storage is a matter well worthy your consideration.

The danger that we may be drawn into the world's conflict accentuates our duty to prepare by every method of production and conservation to make our own people secure against want and to do our part towards the nation's supply. These obvious problems are not easy of solution but we should be equal to the task in which you may count upon my full cooperation.

#### ECONOMY OUR WATCHWORD.

In order that we shall be in the best condition to endure the strain of possible war, it is imperative that we should husband our resources to the utmost. Economy must be our watchword, and no appropriation should be considered where the need is not urgent.

I would not of course be understood as urging a policy of retrenchment that would impair the usefulness of our institutions. We must not lay ourselves open, in our desire for economy, to any justifiable charge of being penny wise and pound foolish. What I urge is that there be wise, thoughtful, painstaking study of, and conservative action upon all appropriation measures.

If, in pursuance of this thought, you are able without impairment of the present efficiency or value of any department—by consolidation or administrative simplification—to reduce the cost of government, such course would no doubt meet the approval of our people, particularly so if we are to be called upon for heavy outlays for defensive measures.

If I were permitted to speak directly to the three millions of people within our borders it would be to urge this same suggestion of economy.

The Secretary of Agriculture has estimated that in the United States there is an annual waste of food products amounting to the astounding total of \$700,000,000 in value. How much of this is chargeable to California I am not able to say. But in view of the conditions of hunger existing in some of the richest countries of the old world, it behooves us to produce and conserve every article of food staples against the possibility of war conditions that threaten us. This is a simple method by which every citizen can perform a useful and patriotic duty.

#### THE STATE'S ACHIEVEMENTS

In assuming the responsibilities of the office of Governor, I do so in full accord with the great governmental and humanitarian doctrines that have been written into our laws during the last six years.

The Initiative, Referendum, Recall and Direct Primary—with equal suffrage in just correlation—constitute the modern Magna Charta under which the rule of the People is made possible.

Through the Railroad Commission, Board of Control, the improved Bank Act and kindred enactments, our commercial interests have been stabilized, and in the Workmen's Compensation, Child Labor, Minimum Wage, safety and sanitation laws, and other similar measures, the welfare of labor has been safeguarded.

All of these beneficent measures having had the overwhelming approval of our people, we are charged with the duty of upholding them, and whenever possible to strengthen and simplify their operations. Space does not permit my attempting to discuss these measures at length. Moreover, my distinguished predecessor gave them much thoughtful attention in his message early in your session.

#### PRESERVE CIVIL SERVICE

Efforts to weaken, and ultimately to break down Civil Service should be stoutly resisted. The merit system is the only effective antidote yet discovered for the spoils system in public service. I would strongly urge its extension rather than its restriction.

#### SOCIAL INSURANCE.

At the last regular session of the Legislature, the appointment of a commission was directed which should investigate and report to you its findings with respect to a system of social insurance now in operation in the United States and foreign countries, the probable cost of the same and such recommendations as should commend themselves to the commission.

This report has been made and is before you with the recommendation that an amendment to the Constitution be submitted to a vote of the people that will pave the way to provide that character of state insurance known as Social Insurance.

By this means we may, if the proposal meets with the approval of the people, provide the necessary authority to enable the State to assist, under proper restrictions and conditions, those of its citizens who by their energy have contributed to the development and upbuilding of our State, yet who have not been able to provide against that day when, overtaken by ill health, declining years or broken strength, they are by poverty denied participation in the comforts of life that in part have resulted from their labors.

I do not mean to convey the thought of engaging the State in what might be classed as commercial insurance—such as fire and life insurance—as distinguished from social insurance. The former would involve the State in a departure from reasonable lines of governmental policies—while social insurance might well be deemed as related to the pension system—a field of governmental activity, that has the approval and sanction of all society.

#### SOUND BUDGET SYSTEM.

I desire to call your attention to the wisdom and necessity of continuing and strengthening the modern methods of business management which have been introduced into the conduct of our State government. The intelligent administration of public finances, requires a thorough-going budget system, as proven by the excellent results achieved in this State by the use of an informal budget. It is highly important, in my judgment, that such a system for the handling of the State's financial affairs be permanently established by being written into the Constitution itself.

In conclusion I wish to convey to each Senator and Assemblyman an expression of my personal regard, and to thank you one and all for your generous friendships and cordial assurances of cooperation. I wish you to believe that I shall welcome your bringing to me, during this brief session or afterwards any matter affecting the State's welfare.

#### PRESENTATION OF PETITIONS

The following petition was presented, and ordered printed in the Journal:

By Mr. Bartlett:

Petition against the passage of Prendergast Assembly Bill No. 798, State Legislature, California.

*To the Honorable the Legislature of the State of California:*

We, the undersigned, citizens and residents of the State of California, do hereby respectfully enter our most earnest and emphatic protest against the passage of the Prendergast Assembly Bill No. 798 now before the California State Legislature, which bill provides for the sale of unclaimed animals from all the public pounds throughout the State of California to medical colleges, for the purposes of vivisection and animal experimentation, and we respectfully petition your honorable body that the same do not pass, for the following reasons:

1 Because it would consign helpless, unclaimed animals from the public pounds in California to become victims of the horrible and fiendish cruelty of vivisection—the State and people of California thus constituting themselves agents for providing such victims. We refuse to be participants in this

2 Because the practice of vivisection is contrary to the dictates of humanity and kindness and the finer sensibilities of human nature which in all ages have been held to be marks of true men and women “A merciful man is merciful to his beast.”

3. Because many of the most noted physicians, including several who have themselves made an extensive practice of vivisection, have declared that no real benefit to humanity has resulted from such practice, nor has the science of medicine been thereby advanced.

4. Because the passage of such a bill would be an incentive to thieves to steal domestic animals and pets in order to avail themselves of the opportunity of selling them, ostensibly with the permission of the State.

5. Because the practice of vivisection is brutalizing to all who take part in it, causing callousness, blunting intuition, sympathy, and those finer qualities which are essential to the true physician; because also of the psychological effect which

such brutalization and callousness have, particularly upon our youth, and indirectly upon prenatal conditions, thus affecting the coming generations.

By rejecting this bill, the State of California will make a record for the encouragement of more humane treatment of all living creatures.

We therefore protest against the passage of this bill and request all members of the State Legislature of California to vote against it, and thus demonstrate to the world that this fair Golden State of ours has as its legislators a body of men actuated by the highest principles of humanity, who refuse to participate in providing victims for the unspeakable tortures of vivisection and animal experimentation. We respectfully request you to vote against this bill, that the record of our fair and beautiful State may not be stained with the indelible blot of official sanction of fiendish cruelty to dumb animals.

MRS. LOTTIE A. WHEELER, and 42 others.

## PRESENTATION OF PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

By Mr. Burke:

*To the Honorable, the Legislature of the State of California.*

We, the undersigned, citizens and residents of the State of California, do hereby respectfully enter our most earnest and emphatic protest against the passage of the Prendergast Assembly Bill No. 798 now before the California Legislature, which bill provides for the sale of unclaimed animals from all the public pounds throughout the State of California to medical colleges, for the purposes of vivisection and animal experimentation, and we respectfully petition your honorable body that the same do not pass, for the following reasons.

1. Because it would consign helpless, unclaimed animals from the public pounds in California to become victims of the horrible and fiendish cruelty of vivisection—the State and people of California thus constituting themselves agents for providing such victims. We refuse to be participants in this.

2. Because the practice of vivisection is contrary to the dictates of humanity and kindness and the finer sensibilities of human nature which in all ages have been held to be marks of true men and women. "A merciful man is merciful to his beast."

3. Because many of the most noted physicians, including several who have themselves made an extensive practice of vivisection, have declared that no real benefit to humanity has resulted from such practice, nor has the science of medicine been thereby advanced.

4. Because the passage of such a bill would be an incentive to thieves to steal domestic animals and pets in order to avail themselves of the opportunity of selling them, ostensibly with the permission of the State.

5. Because the practice of vivisection is brutalizing to all who take part in it, causing callousness, blunting intuition, sympathy, and those finer qualities which are essential to the true physician; because also of the psychological effect which such brutalization and callousness have, particularly upon our youth, and indirectly upon prenatal conditions, thus affecting the coming generations.

By rejecting this bill, the State of California will make a record for the encouragement of more humane treatment of all living creatures.

We therefore protest against the passage of this bill and request all members of the State Legislature of California to vote against it, and thus demonstrate to the world that this fair Golden State of ours has as its legislators a body of men actuated by the highest principles of humanity, who refuse to participate in providing victims for the unspeakable tortures of vivisection and animal experimentation. We respectfully request you to vote against this bill, that the record of our fair and beautiful State may not be stained with the indelible blot of official sanction of fiendish cruelty to dumb animals.

MRS. ORA B. BENSON, and 104 others.

Also:

By Mr. Knight:

Same petition as above signed by E. W. SLADE, and 38 others.

Also:

By Mr. Shepherd:

*Resolved*, That while we favor the introduction in our schools of increased provision for physical training and for concerted exercises such as shall aid in teaching respect for authority, discipline and the value of cooperation in effort—all of which experience in the best schools has indicated can be secured without military equipment or suggestions—we are firmly opposed to instruction in military tactics or in the use of firearms in connection with our public schools; and be it

*Resolved*, That we oppose the passage of those bills now before the California Legislature which would make military training compulsory in the high schools of California; and be it

*Resolved*, That a copy of this resolution be sent to the Governor, Lieutenant Governor, and our representatives in the Legislature of the State of California.

C. A. FOREMAN, and 20 others

## PRESENTATION OF PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

By Mr. Manning:

We, the undersigned, are informed that you are about to consider a measure to prohibit the taking of abalones on the coast, or certain sections of the coast, of California, either altogether or for the greater part of the year.

We therefore beg to submit that it would be injurious to the economic interests of the community to deprive the public of this substantial and desirable source of food supply, particularly in view of the mounting cost of food products, and the claim which, we understand, can easily be verified that the present and prospective take of abalones does not threaten the continued abundant supply of this highly prolific shellfish.

And we respectfully petition your honorable body not to pass such a prohibitive measure as being detrimental to the community's interest; but in lieu thereof, to consider the advisability of restricting the distribution of abalones and abalone products to the United States and terminating especially the present large distribution thereof to Asiatic countries.

ERNEST SCHAEFFER, and 174 others.

Also:

Substantially same petition as above, signed by C. A. SPAULDING, and 145 others.

By Mr. Merriam:

*Be it hereby resolved*, that we, newsboys of Long Beach, and fathers and mothers of newsboys, in meeting assembled, voice emphatic protest against the adoption of Senate Bill No. 101 as amended, for the following reasons:

The proposed law tends to interfere with parental authority and is wholly unnecessary; it undertakes to cure a situation that requires no treatment.

The proposed law would result in added hardships to the poor, for the reason that it would deprive boys of opportunities to contribute to family support and to become self-supporting.

It would place a legal barrier against a boy's pursuit of honest toil and would encourage him to form habits of idleness which would lead to beggary or worse.

It would remove from the grasp of boys who are without financial resources opportunities for training and development, self-reliance and the formation of good character.

The proposed law discriminates against cities having a population in excess of 23,000 and in favor of cities whose population is less than that number.

Furthermore, we urge upon the members of the Senate and Assembly the consideration of the following facts:

The selling of newspapers does not interfere with a boy's schooling or elementary education.

Under the laws now in force the attendance of children under certain ages in public schools is compulsory, and boys under the ages prescribed in the statutes are not permitted to sell newspapers except after or before school hours.

The selling of newspapers on the streets is an occupation that is obviously beneficial to health and not injurious to morals. The newsboy sells papers not as a matter of choice, but duty. He must give his work proper attention and does not have time to associate with persons of bad character or stay out late at night.

The newsboy is on the highway where he is open to observation by everyone and is not susceptible to contaminating influences. He is under newspaper and police supervision at all times. He is engaged in a worthy, commendable occupation which tends to develop habits of thrift, enterprise and reliability, traits of character essential to success in later years.

#### NEWSBOYS' MASS MEETING

EUGENE BROWN, Chairman.

JIMMIE COCHRAN, Secretary.

Dated: March 24, 1917.

By Mr. Bartlett:

At a meeting of the chorus of the Los Angeles English Opera Company, held March 17, 1917, the following resolution was passed unanimously by the faculty and the members of the Los Angeles English Opera Company:

WHEREAS, We are convinced that the music teachers' license bill is a useless, expensive and harmful measure; therefore be it

*Resolved*, That we individually and collectively will use every means in our power to defeat its passage.

It was further resolved that copies of this resolution be sent to the California Music Teachers' Association, the musicians' clubs of San Francisco and Los Angeles, the various chapters of the Organist Guild, the Musicians' Mutual Protective Association and all similar organizations that have taken an antagonistic attitude to the bill.

It was further resolved that a copy of this resolution should be sent to the secretary of the Committee on Education of the State Legislature at Sacramento, as a formal protest.

S. M. DE PASQUALI, and 144 others.

By Mr. Wright:

MONROVIA, CALIFORNIA, March 21, 1917

We, your undersigned constituents, knowing that whatever propagates vice hinders prosperity and honesty, do vigorously protest against the passage of the bill providing for a constitutional amendment, No. 26, which would prohibit statewide liquor elections, and also Assembly Constitutional Amendment No. 54 and Senate Constitutional Amendment No. 41, proposing to license segregated districts. We beseech you to do your utmost to kill said bills, as they are a menace to the health, morals, and safety of the people.

MRS. EVA K. FICKES, and 223 others.

Also:

ETIWANDA, CALIFORNIA, March 21, 1917

DEAR SIR: The Etiwanda Parent Teacher Association urges upon your committee the importance of Assembly Bill No. 228, establishing a Farm School for Southern California. The State's money could not be spent anywhere where it would bring so large returns as in agricultural education. The distance of the Davis School from Etiwanda prevents our sons from attending except at a greatly added expense. The work at Davis does not fully meet Southern California requirements, and the fact that we are outside the sphere of influence of any State educational institution is a great detriment to our section of the State. We urge the passage of Assembly Bill No. 228.

MRS. O. H. PRICE, and 37 others.

Also:

We the undersigned heartily agree with the purpose of the framers of section 8 of Article IX of the Constitution which was to safeguard the public schools against sectarian or denominational intrusion. There is no evidence either in the text of the law nor in the history of its enactment to show that it was intended to debar the Bible from the schools of the State. The only way in which it can be so construed is to arbitrarily assume that the Bible is a sectarian book. But such a conception is manifestly at variance with the origin, purpose, content, national usage and history of the book. At least thirty-five states in the Union so interpret similar provisions in their constitution as to permit the reading of the Bible "without note or comment" in their public schools. There is no valid reason why the State of California should furnish the exception. It is high time that an opportunity was afforded the people to express themselves on this question and to remove by ballot the stigma of such a medieval conception of the Bible from the State of California.

It is the purpose of the proposed measure simply to remove the possibility for such an interpretation of the section as would prohibit the reading of the Bible in the public school and at the same time safeguard the use of the book in keeping with the section of the Constitution and the Political Code of the State. The Legislature or the school board may provide for a syllabus for the guidance of the teacher in the selection of portions to be read.

J. R. PRATT, and 43 others.

#### ASSEMBLY CONSTITUTIONAL AMENDMENT No. 2.

A resolution to propose to the people of the State of California to amend section eight and one-half of article eleven of the constitution of the state, relating to city charters and to provisions therein for municipal courts

*Resolved by the Assembly, the Senate concurring.* That the legislature of the State of California, at its regular session commencing on the eighth day of January, one thousand nine hundred seventeen, two-thirds of all the members elected to each of the two houses of said legislature voting in favor thereof, proposes to the people of said state that section eight and one-half of article eleven of the state constitution be amended to read as follows:

SEC. 8½. It shall be competent, in all charters framed under the authority given by section eight of this article, to provide, in addition to those provisions allowable by this constitution, and by the laws of the state as follows:

1 For the constitution, regulation, government, and jurisdiction of police courts, and for the manner in which, the times at which, and the terms for which the judges of such courts shall be elected or appointed, and for the qualifications and compensation of said judges and of their clerks and attaches, and for the establishment, constitution, regulation, government and jurisdiction of municipal courts and judges thereof, with such civil, criminal and magisterial jurisdiction as by law may be conferred upon inferior courts and judges thereof, and for the manner in which, the times at which and the terms for which the judges of such courts shall be elected or appointed, and for the qualifications and compensation of said judges and of their clerks and attaches; *provided*, such municipal courts shall never be deprived of the jurisdiction given inferior courts created by general law.

In any city or any city and county, when such municipal court has been established, there shall be no other court inferior to the superior court, and pending actions, trials, and all pending business of inferior courts within the territory of such city or city and county, upon the establishment of any such municipal court, shall be and become pending in such municipal court, and all records of such inferior courts shall thereupon be and become the records of such municipal court.

2 For the manner in which, the times at which, and the terms for which the members of boards of education shall be elected or appointed, for their qualifications, compensation and removal, and for the number which shall constitute any one of such boards.

3 For the manner in which, the times at which and the terms for which the members of the boards of police commissioners shall be elected or appointed; and for the constitution, regulation, compensation, and government of such boards and of the municipal police force.

4 For the manner in which and the times at which any municipal election shall be held and the result thereof determined, for the manner in which, the times at which, and the terms for which the members of all boards of election shall be elected or appointed, and for the constitution, regulation, compensation and government of such boards, and of their clerks and attaches, and for all expenses incident to the holding of any election.

It shall be competent in any charter framed in accordance with the provisions of this section, or section eight of this article, for any city or consolidated city and county, and plenary authority is hereby granted subject only to the restrictions of this article, to provide therein or by amendment thereto, the manner in which, the method by which, the times at which, and the terms for which the several county and municipal officers and employees whose compensation is paid by such city or city and county, excepting judges of the superior court, shall be elected or appointed, and for their recall and removal, and for their compensation, and for the number of deputies, clerks and other employees that each shall have, and for the compensation, method of appointment, qualifications, tenure of office and removal of such deputies, clerks and other employees. All provisions of any charter of any such city or consolidated city and county, heretofore adopted, and amendments thereto, which are in accordance herewith are hereby confirmed and declared valid.

5 It shall be competent in any charter or amendment thereof, which shall hereafter be framed under the authority given by section eight of this article, by any city having a population in excess of fifty thousand ascertained as prescribed by said section eight, to provide for the separation of said city from the county of which it has theretofore been a part and the formation of said city into a consolidated city

and county to be governed by such charter, and to have combined powers of a city and county, as provided in this constitution for consolidated city and county government, and further to prescribe in said charter the date for the beginning of the official existence of said consolidated city and county.

It shall also be competent for any such city, not having already consolidated as a city and county to hereafter frame, in the manner prescribed in section eight of this article, a charter providing for a city and county government, in which charter there shall be prescribed territorial boundaries which may include contiguous territory not included in such city, which territory, however, must be included in the county within which such city is located.

If no additional territory is proposed to be added, then, upon the consent to the separation of any such city from the county in which it is located, being given by a majority of the qualified electors voting thereon in such county and upon the ratification of such charter by a majority of the qualified electors voting thereon in such city, and the approval thereof by the legislature, as prescribed in section eight of this article, said charter shall be deemed adopted and upon the date fixed therein said city shall be and become a consolidated city and county.

If additional territory which consists wholly of only one incorporated city or town or which consists wholly of unincorporated territory, is proposed to be added, then, upon the consent to such separation of such territory and of the city initiating the consolidation proposal being given by a majority of the qualified electors voting thereon in the county in which the city proposing such separation is located, and upon the ratification of such charter by a majority of the qualified electors voting thereon in such city so proposing the separation, and also upon the approval of the proposal hereinafter set forth, by a majority of the qualified electors voting thereon in the whole of such additional territory, and the approval of said charter by the legislature as prescribed in section eight of this article, said charter shall be deemed adopted, the indebtedness hereinafter referred to shall be deemed to have been assumed, and upon the date fixed in said charter such territory and such city shall be and become one consolidated city and county.

The proposal to be submitted to the territory proposed to be added shall be substantially in the following form and submitted as one indivisible question:

"Shall the territory (herein designate in general terms the territory to be added) consolidate with the city of (herein insert name of the city initiating the proposition to form a city and county government) in a consolidated city and county government, and shall the charter as prepared by the city of (herein insert the name of the city initiating such proposition) be adopted as the charter of the consolidated city and county and shall the said added territory become subject to taxation along with the entire territory of the proposed city and county, in accordance with the assessable valuation of the property of the said territory for the following indebtedness of said city (herein insert name of the city initiating such proposition) to wit: (herein insert in general terms reference to any debts to be assumed, and if none insert 'none')?"

If additional territory is proposed to be added which includes unincorporated territory and one or more incorporated cities or towns or which includes more than one incorporated city or town, the consent of any such incorporated city or town shall be obtained by a majority vote of the qualified electors thereof voting upon a proposal substantially as follows:

"Shall (herein insert the name of the city or town to be included in such additional territory) be included in a district to be hereafter defined by the city of (herein insert the name of the city initiating the proposition to form a city and county government) which district shall, within two years from the date of this election vote upon a proposal submitted as one indivisible question that such district to be then described and set forth shall consolidate with (herein insert name of the city initiating said consolidation proposition) in a consolidated city and county government, and also that a certain charter, to be prepared by the city of (herein insert name of the city initiating such proposition) be adopted as the charter of such consolidated city and county, and that such district become subject to taxation along with the entire territory of the proposed city and county in accordance with the assessable valuation of the property of said district for the following indebtedness of said city of (herein insert name of the city initiating such proposition) to wit: (herein insert in general terms, reference to any debts to be assumed and if none insert 'none')?"

Any and all incorporated cities or towns to which the foregoing proposal shall have been submitted and a majority of whose qualified electors voting thereon shall have voted in favor thereof, together with such unincorporated territory as the city initiating such consolidation proposal may desire to have included the whole to form an area contiguous to said city, shall be created into a district by such city and the proposal substantially as above prescribed to be used when the territory proposed to be added consists wholly of only one incorporated city or town, or wholly of unincorporated territory, shall within two years be submitted to the voters of said entire district as one indivisible question.

Upon consent to the separation of such district and of the city initiating the consolidation proposal being given by a majority of the qualified electors voting thereon in the county in which the city proposing such separation is located and upon the

ratification of such charter by a majority of the qualified electors voting thereon in such city, and upon the approval of the proposal heretofore set forth by a majority of the qualified electors voting thereon in the whole of said district so proposed to be added, and upon the approval of said charter by the legislature as prescribed in section eight of this article, said charter shall be deemed adopted, the said indebtedness referred to in said proposal shall be deemed to have been assumed, and upon the date fixed in said charter such district and such city shall be and become one consolidated city and county.

6. It shall be competent for any consolidated city and county now existing, or which shall hereafter be organized, to annex territory contiguous to such consolidated city and county unincorporated or otherwise, whether situated wholly in one county, or parts thereof be situate in different counties, said annexed territory to be an integral part of such city and county, provided that such annexation of territory shall only include any part of the territory which was at the time of the original consolidation of the annexing city and county, within the county from which such annexing city and county was formed, together with territory which was concurrently, or has since such consolidation been joined in a county government with the area of the original county not included in such consolidated city and county.

If additional territory, which consists wholly of only one incorporated city, city and county or town, or which consists wholly of unincorporated territory, is proposed to be annexed to any consolidated city and county now existing or which shall hereafter be organized, then, upon the consent to any such annexation being given by a majority of the qualified electors voting thereon in any county or counties in which any such additional territory is located, and upon the approval of such annexation proposal by a majority of the qualified electors voting thereon in such city and county, and also upon the approval of the proposal heretofore set forth by a majority of the qualified electors voting thereon in the whole of such territory proposed to be annexed the indebtedness hereinafter referred to shall be deemed to have been assumed, and at the time stated in such proposal such additional territory and such city and county shall be and become one consolidated city and county, to be governed by the charter of the city and county proposing such annexation, and any subsequent amendment thereto.

The proposal to be submitted to the territory proposed to be annexed, shall be substantially in the following form and submitted as one indivisible question:

"Shall the territory (herein designate in general terms the territory to be annexed) consolidate with the city and county of (herein insert the name of the city and county initiating the annexation proposal) in a consolidated city and county government, said consolidation to take effect (herein insert date when such consolidation shall take effect) and shall the said annexed territory become subject to taxation, as an integral part of the city and county so formed, in accordance with the assessable valuation of property of said territory for the following indebtedness of said city and county of (herein insert name of the city and county), to wit (herein insert in general terms, reference to any debts to be assumed and if none insert 'none')?"

If additional territory including unincorporated territory and one or more incorporated cities, cities and counties, or towns, or including more than one incorporated city, city and county, or town, is proposed to be annexed to any consolidated city and county now existing or which shall hereafter be organized, the consent of each such incorporated city, city and county, or town, shall be obtained by a majority vote of the qualified electors of any such incorporated city, city and county, or town, voting upon a proposal substantially as follows:

"Shall (herein insert name of the city, city and county, or town, to be included in such annexed territory) be included in a district to be hereafter defined by the city and county of (herein insert the name of the city and county initiating the annexation proposal) which district shall within two years from the date of this election vote upon a proposal submitted as one indivisible question, that such district to be then described and set forth shall consolidate with (herein insert name of the city and county initiating the annexation proposal) in a consolidated city and county government, and that such district become subject to taxation, along with the entire territory of the proposed city and county in accordance with the assessable valuation of the property of said district for the following indebtedness of said city and county of (herein insert name of the city and county initiating the annexation proposal) to wit (herein insert in general terms, reference to any debts to be assumed and if none insert 'none')?"

Any and all incorporated cities, cities and counties, or towns, to which the foregoing proposal shall have been submitted, and a majority of whose qualified electors voting thereon shall have voted in favor thereof, together with such unincorporated territory as the city and county initiating such annexation proposal may desire to have included, the whole to form an area contiguous to said city and county, shall be created into a district by said city and county and the proposal substantially in the form above set forth to be used when the territory proposed to be added consists wholly of only one incorporated city, city and county, or town, or wholly of unincorporated territory, shall within said two years, be submitted to the voters of said entire district as one indivisible question.

Upon consent to any such annexation being given by a majority of the qualified electors voting thereon in any county or counties in which any such territory proposed to be annexed to said city and county is located, and upon the approval of any such annexation proposal by a majority of the qualified electors voting thereon in such city and county proposing such annexation, and also upon the approval of the proposal hereinbefore set forth by a majority of the qualified electors voting thereon in the whole of the district so proposed to be annexed, then, the said indebtedness referred to in said proposal shall be deemed to have been assumed, and upon the date stated in such annexation proposal such district and such city and county shall be and become one consolidated city and county, to be governed by the charter of the city and county proposing such annexation, and any subsequent amendment thereto.

Whenever any proposal is submitted to the electors of any county, territory, district, city, city and county or town, as above provided, there shall be published, for at least five successive publications, in a newspaper of general circulation printed and published in any such county, territory, district, city, city and county, or town, the last publication to be not less than twenty days prior to any such election, a particular description of any territory or district to be separated, added, or annexed, together with a particular description of any debts to be assumed, as above referred to, unless such particular description is contained in the said proposal so submitted. In addition to said description, such territory shall also be designated in such notice by some appropriate name or other words of identification, by which such territory may be referred to and indicated upon the ballots to be used at any election at which the question of annexation or consolidation of additional territory is submitted as herein provided. If there be no such newspaper so printed and published in any such county, territory, district, city, city and county, or town, then such publication may be made in any newspaper of general circulation printed and published in the nearest county, city, city and county, or town where there may be such a newspaper so printed and published.

If, by the adoption of any charter, or by annexation, any incorporated municipality becomes a portion of a city and county, its property, debts and liabilities of every description shall be and become the property, debts and liabilities of such city and county.

Every city and county which shall be formed or the territory of which shall be enlarged as herein provided from territory taken from any county or counties, shall be liable for a just proportion of the debts and liabilities and be entitled to a just proportion of the property and assets of such county or counties, existing at the time such territory is so taken.

The provisions of this constitution applicable to cities, and cities and counties, and also those applicable to counties, so far as not inconsistent or prohibited to cities, or cities and counties, shall be applicable to such consolidated city and county government, and no provision of subdivision five or six of this section shall be construed as a restriction upon the plenary authority of any city or city and county having a freeholders' charter, as provided for in this constitution, to determine in said charter any and all matters elsewhere in this constitution authorized and not inconsistent herewith.

The legislature shall provide for the formation of one or more counties from the portion or portions of a county or counties remaining after the formation of or annexation to a consolidated city and county, or for the transfer of such portion or portions of such original county or counties to adjoining counties. But such transfer to an adjoining county shall only be made after approval by a majority vote of the qualified electors voting thereon in such territory proposed to be so transferred.

The provisions of section two of this article, and also those provisions of section three of this article which refer to the passing of any county line within five miles of the exterior boundary of a city or town in which a county seat of any county proposed to be divided is situated, and to the reducing of the population of any county upon the establishment of a new county, and to the minimum population on the forming of a new county, shall not apply to the formation of, nor to the extension of the territory of such consolidated cities and counties, nor to the formation of new counties, nor to the annexation of existing counties, as herein specified.

Any city and county formed under this section shall have the right, if it so desires, to be designated by the official name of the city initiating the consolidation as it existed immediately prior to its adoption of a charter providing for a consolidated city and county government, except that such city and county shall be known under the style of a city and county.

It shall be competent in any charter framed for a consolidated city and county, or by amendment thereof, to provide for the establishment of a borough system of government for the whole or any part of the territory of said city and county, by which one or more districts may be created thereon, which districts shall be known as boroughs and which shall exercise such municipal powers as may be granted thereto by such charter, and for the organization, regulation, government and jurisdiction of such boroughs; *provided*, that in the event of such establishment or creation of a borough or boroughs, as hereinabove permitted, the boundaries thereof

shall never afterwards be changed or altered, nor shall the governmental rights, powers or jurisdiction of any such borough or boroughs be thereafter limited, extended, modified or taken away, unless and until the borough or boroughs affected by such proposed change or alteration of boundaries, or by the proposed limitation, extension, modification or taking away of governmental rights, powers or jurisdiction, as the case may be, shall each have consented thereto, by the vote of a majority of the voters in each and every such borough, voting at an election or elections called and held for such purpose in each of the boroughs so affected.

No property in any territory hereafter consolidated with or annexed to any city or city and county shall be taxed for the payment of any indebtedness of such city or city and county outstanding at the date of such consolidation or annexation and for the payment of which the property in such territory was not, prior to such consolidation or annexation, subject to such taxation, unless there shall have been submitted to the qualified electors of such territory the proposition regarding the assumption of indebtedness as heretofore set forth and the same shall have been approved by a majority of such electors voting thereon.

7. In all cases of annexation of unincorporated territory to an incorporated city, or the consolidation of two or more incorporated cities, assumption of existing bonded indebtedness by such unincorporated territory or by either of the cities so consolidating may be made by a majority vote of the qualified electors voting thereon in the territory or city which shall assume an existing bonded indebtedness. This provision shall apply whether annexation or consolidation is effected under this section or any other section of this constitution, and the provisions of section eighteen of this article shall not be a prohibition thereof.

The legislature shall enact such general laws as may be necessary to carry out the provisions of this section and such general or special laws as may be necessary to carry out the provisions of subdivisions five and six of this section, including any such general or special act as may be necessary to permit a consolidated city and county to submit a new charter or charter amendment to take effect at the time that any consolidation, by reason of annexation to such consolidated city and county, takes effect, and, also, any such general law or special act as may be necessary to provide for any period after such consolidation, by reason of such annexation, takes effect, and prior to the adoption and approval of any such new charter or charter amendment.

## PRESENTATION OF PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

By Mr. Hayes, D. R.:

Petition against the passage of Prendergast Assembly Bill No. 798, State Legislature, California

*To the honorable the Legislature of the State of California:*

We, the undersigned, citizens and residents of the State of California, do hereby respectfully enter our most earnest and emphatic protest against the passage of the Prendergast Assembly Bill No. 798 now before the California State Legislature, which bill provides for the sale of unclaimed animals from all the public pounds throughout the State of California to medical colleges, for the purposes of vivisection and animal experimentation, and we respectfully petition your honorable body that the same do not pass, for the following reasons:

1. Because it would consign helpless, unclaimed animals from the public pounds in California to become victims of the horrible and fiendish cruelty of vivisection—the State and people of California thus constituting themselves agents for providing such victims. We refuse to be participants in this.

2. Because the practice of vivisection is contrary to the dictates of humanity and kindness and the finer sensibilities of human nature which in all ages have been held to be marks of true men and women. "A merciful man is merciful to his beast."

3. Because many of the most noted physicians, including several who have themselves made an extensive practice of vivisection, have declared that no real benefit to humanity has resulted from such practice, nor has the science of medicine been thereby advanced.

4. Because the passage of such a bill would be an incentive to thieves to steal domestic animals and pets in order to avail themselves of the opportunity of selling them, ostensibly with the permission of the State.

5 Because the practice of vivisection is brutalizing to all who take part in it, causing callousness, blunting intuition, sympathy, and those finer qualities which are essential to the true physician, because also of the psychological effect which such brutalization and callousness have, particularly upon our youth, and indirectly upon prenatal conditions, thus affecting the coming generations.

By rejecting this bill, the State of California will make a record for the encouragement of more humane treatment of all living creatures.

We therefore protest against the passage of this bill and request all members of the State Legislature of California to vote against it, and thus demonstrate to the world that this fair Golden State of ours has as its legislators a body of men actuated by the highest principles of humanity, who refuse to participate in providing victims for the unspeakable tortures of vivisection and animal experimentation. We respectfully request you to vote against this bill, that the record of our fair and beautiful State may not be stained with the indelible blot of official sanction of fiendish cruelty to dumb animals.

ANNIE M. KEATON, and 33 others

By Mr. Satterwhite:

Same petition as above, signed by BERTHA POWERS SOHRS, and 18 others.

## MOTION TO POSTPONE RECONSIDERATION.

Mr. Friedman moved that the consideration of his motion to reconsider the vote whereby Assembly Constitutional Amendment No. 18 was refused adoption be continued until the next legislative day.

Motion carried.

## EXPLANATION OF VOTE.

The following explanation of vote was presented and ordered printed in the Journal:

I desire to make the following explanation of my vote on Assembly Bill No. 861. I am in sympathy with the feeling that prompts the presentation of the bill but believe that it will not accomplish its purpose.

There are practical difficulties in the way. How are the records to be destroyed? They extend all through juvenile court record books, books in the district attorney's office; those in the state institutions, books kept by probation officers, etc. The records are found in books of original entry surrounded by other data that would have to be preserved.

What would be the procedure in cases where more than one member of the family appeared before the court or was placed in an institution? If one satisfied the requirements of this proposed law, but the other had failed to conduct himself satisfactorily, to destroy the record of the one who had complied with the requirements would, of necessity, mean that you would also have to destroy practically all of the records as far as the other party is concerned. Untold confusion would be brought into all research work, and the investment of state funds in this most important field of investigation would be seriously jeopardized. What would become of family histories under such circumstances?

Is it best that the records be destroyed? Is it in the interest of the boy? Later as a young man he may get into trouble. He then asks for adult probation. He must give a statement of his history and experience. This will show that he was in a state institution and he gives the institution as his reference for good conduct both while he was there and while being tested on parole. In such cases if he gets adult probation it is granted largely because his record having been preserved proves that his statements are correct. If his record had been destroyed this reference would not be available. On the other hand, it may be that his record as a boy considered in connection with his conduct as a young man makes probation inadvisable. A probation officer is entitled to the facts so that he may make an intelligent recommendation. He can only get the facts if the record is retained.

The bill provides that the records of many placed on probation, or who have been acquitted, shall be destroyed, provided such persons are not arrested or cited for an offense during a period of two years. The assumption is that in such cases actual reformation has taken place. This may not be in accordance with the facts. There may have been serious misconduct during the two years, the individual having merely avoided detection or arrest.

The courts should not be denied access to the earlier records showing his misconduct if it later appears that his conduct during probation or subsequent to acquittal was vicious. He might move out of the county or State after acquittal and be guilty of serious infractions of the law somewhere else. After the two year period, he might return not having been arrested or cited for an offense as far as the court knows, and possibly not, in point of fact. It is evident that in such a case the records should not be destroyed. Yet they would have been, under the proposed bill.

The most serious effect of such a law might be felt in the work of prevention. The State is spending considerable money to find out the causes of juvenile delinquency so that it may save children from wrong doing and from court experiences. This is a work conducted solely in the interest of children and of society. The records are of the utmost value in making such determination. Only on such data can accurate findings be based. Without the records from which to compile the facts, one has to guess at causes and guessing is a very unsafe basis on which to spend State money.

California has spent millions of dollars on the assumption that all boys sent to State schools could, by education and discipline, be returned to society as self-directing, law-abiding citizens. In connection with tests to determine the level of intelligence, these records have been of the utmost value in making the discovery that large numbers of these boys could never be so educated and trained. They did not possess the necessary mentality. They were feeble-minded and irresponsible. Such boys have been most unfairly dealt with because they were not understood. Hundreds of thousands of dollars have been wasted in efforts that could not meet with success. Untold numbers of crimes have been committed by such boys after they were released, and today, many are to be found in our state prisons charged with every offense from murder down. The records that were preserved have assisted

the authorities to finally spell out the truth that such as these should never have been at liberty at all.

Some instances may be cited where certain records have been used unfairly and to the disadvantage of the adult. These are such marked exceptions however, that they should not be made a basis for such sweeping legislation. In any event, the record still lives in the memory of neighbor and townsman and is preserved in the public press whether or not it remains in the court or institution.

The purpose back of the bill is undoubtedly excellent, but the law, if passed, would do much more harm than good.

For the sake of the boy, and of society, these records should be preserved.

FRANK H. MOUSER.

I concur in the statement of fact, policy and sentiment of the foregoing.

CARLTON W. GREENE,

Member of Committee on Public Charities and Corrections

#### PRESENTATION OF PETITIONS.

The following petition was presented, and ordered printed in the Journal:

By Mr. Gelder:

Petition against the passage of Prendergast Assembly Bill No. 798 State Legislature, California.

*To the Honorable the Legislature of the State of California:*

We, the undersigned, citizens and residents of the State of California, do hereby respectfully enter our most earnest and emphatic protest against the passage of the Prendergast Assembly Bill No. 798, now before the California State Legislature,

which bill provides for the sale of unclaimed animals from all the public pounds throughout the State of California to medical colleges, for the purposes of vivisection and animal experimentation and we respectfully petition your honorable body that the same do not pass, for the following reasons:

1. Because it would consign helpless, unclaimed animals from the public pounds in California to become victims of the horrible and fiendish cruelty of vivisection—the State and people of California thus constituting themselves agents for providing such victims. We refuse to be participants in this.

2. Because the practice of vivisection is contrary to the dictates of humanity and kindness and the finer sensibilities of human nature which in all ages have been held to be marks of true men and women. "A merciful man is merciful to his beast."

3. Because many of the most noted physicians, including several who have themselves made an extensive practice of vivisection, have declared that no real benefit to humanity has resulted from such practice nor has the science of medicine been thereby advanced.

4. Because the passage of such a bill would be an incentive to thieves to steal domestic animals and pets in order to avail themselves of the opportunity of selling them, ostensibly with the permission of the State.

5. Because the practice of vivisection is brutalizing to all who take part in it, causing callousness, blunting intuition, sympathy, and those finer qualities which are essential to the true physician, because also of the psychological effect which such brutalization and callousness have, particularly upon our youth, and indirectly upon prenatal conditions, thus affecting the coming generations.

By rejecting this bill, the State of California will make a record for the encouragement of more humane treatment of all living creatures.

We therefore protest against the passage of this bill and request all members of the State Legislature of California to vote against it, and thus demonstrate to the world that this fair Golden State of ours has as its legislators a body of men actuated by the highest principles of humanity, who refuse to participate in providing victims for the unspeakable tortures of vivisection and animal experimentation. We respectfully request you to vote against this bill, that the record of our fair and beautiful State may not be stained with the indelible blot of official sanction of fiendish cruelty to dumb animals.

The committee, by and with the written assent of the author filed with it, shall have authority to correct any clerical error such as in orthography, adding or correcting the enacting clause, mistakes in numbering sections and references thereto, errors in grammar, phraseology, or in the form of the bill; provided, that no bill which bears the stamp of the Legislative Counsel Bureau showing that before introduction it has been examined as to form, shall be sent to the Committee on Revision and Printing.

## BILLS INTRODUCED TO INDICATE CHANGES IN CODE SECTIONS.

11 The Committee on Revision and Printing shall see to it that Rule 9 of these Joint Rules is observed by the author, and that the bill shall not be sent to the printer until the provisions of this rule have been carried out.

## REPORTS OF COMMITTEE ON REVISION AND PRINTING.

(c) The lines of all printed bills shall be numbered by page and not by sections, and amendments shall be identified by reference to title, page and line only.

## MESSAGES FROM THE GOVERNOR—(OUT OF ORDER).

The following message from the Governor was received and read:

EXECUTIVE DEPARTMENT.  
STATE OF CALIFORNIA.

*To the Assembly of the State of California.*

In accordance with section 16, of Article IV of the Constitution, I return to you herein, without my approval, Assembly Bill No. 353.

My objection to this bill and my reasons for its veto are that two errors occur in the bill which vitally affect the law as it now stands. In subdivision 2 of section 421, after the word interest, the word "on" appears instead of the word "and". This destroys the sense of the present provision. Again in paragraph (b) of subdivision 5 the word "account" has been substituted for the word "amount," again destroying the sense of the present provision.

The amendment proposed by the bill is a proper one, but the wording of the old sections should be restored as I have pointed out.

WM. D. STEPHENS, Governor.

Dated: SACRAMENTO, March 30, 1917.

The question being put, "Shall Assembly Bill No. 353 become a law notwithstanding the veto of the Governor?"
